SELASSIE LEADS FOR NATION

CHIEF JUSTICE OF U. S. SUPREME COURT URGES VIGILANCE

HUGHES TELLS LAW INSTITUTE GREAT NEED IS FOR JUDICIAL INDEPENDENCE

WASHINGTON, May 12.—(AP)—Chief Justice Charles Evans Hughes urged today that American lawyers be "vigilant" in seeking the selection of "good judges" to preside over the nation's courts.

The chief justice addressed the American Law Institute, President Roosevelt, a letter read at the same meeting, said this country was "reshaping our legal philosophy to keep pace with the needs of our people and the spirit of our institutions."

The President also asserted that "the seriousness of our crime problem in this country and the deficiencies of our administration of the criminal law rightly cause laymen to look to such an organization as yours to give direction and leadership."

Hughes declared:

"Question if there is any great need at this time than continued respect for the judiciary tradition of independence and impartiality."

The prime necessity in making the judicial machinery work to the best advantage is the able and industrious judge, qualified by training, experience and temperament for his office."

Without mentioning any names, the chief justice continued:

"It is the exceptions among the judges, who, with their conspicuous ineptness, do the harm, and they need such admonition as it may be practicable to give under our system."

"But the maintenance of the standards of judicial office rests chiefly with the electorate, where judges are elected, and with the appointing power, where they are appointed, and in both relations a vigilant bar through its organized efforts to secure good judges should exercise, and should constantly seek to exercise, a potent influence."

Declaring that "the multiplication of administrative agencies is the outstanding characteristic of our time," the chief justice added:

Efforts are short-sighted and are not in the interest of the suitable development of administrative agencies.

It must be remembered that to the courts the community still looks for the standards of judicial conduct x x x.

"Whatever the shortcomings of courts, and whatever the need for administrative bodies, it is still the courts which stand out as the exemplars of the tradition of independence and impartiality."

"This is because judicial institutions, as they understand and support them, have won their place and established their standards through the historic contests against the abuses of power."

"So far as it is humanly possible, let us maintain the independence of the courts."

Kidnaped?

Marjory West, kidnapped girl, was seen by a neighbor in Bradford, Pa., May 12.

Thousand Men In Intensive Search For Little Girl

BRADFORD, Pa., May 12.—(AP)—Volunteers, answering a call for 1,000 able-bodied men, set out today soon after the break of another cold northern Pennsylvania dawn to beat through heavy woods in a final search for little Marjory West.

A reward of \$200 for information leading to discovery of the blue-eyed, auburn-haired child "dead or alive" spurred the volunteers to dress foot by foot through the wild, heavily forested country 16 miles south of this oil producing field.

The Bradford American Legion post 108 offered the reward last night, four days after little Marjory, four-year-old daughter of an oil field worker, wandered away from a family picnic to pick flowers on a mountain side.

ICKES SUGGESTS CONGRESS ACT IN MATTER OF HELIUM

SECRETARY DECLARES IF LAW MADE MORE LENIENT HE WILL CHANGE ATTITUDE

WASHINGTON, May 12.—(AP)—Secretary Ickes suggested today that congressional action probably would be necessary before any helium is sold to Germany.

"If congress amends the act and makes more lenient the interpretation of the law," the secretary told his press conference, "I would not stand in the way of a sale, but as the law now stands I can only deny the sale on the ground that competent testimony before congress shows helium to be of military importance."

He insisted that his stand was based solely on the section in the present helium export law prohibiting the accumulation of helium in quantities of "military importance."

Ickes added that he had no personal motive in blocking the sale.

The White House announced a hands-off attitude yesterday on the question of whether the non-inflammable gas should be sold to Dr. Hugo Eckener's Zeppelin works for use in trans-Atlantic dirigibles.

Ickes, who has supervision over the government's helium monopoly, has repeatedly refused to sign a contract of sale with the German concern on the ground that the gas might be used for military purposes.

Ickes mentioned today that the munitions control board could vote to release helium to Germany, but no date has been set for that board to meet. Furthermore, the law requires that the board vote unanimously for exporting the gas before any can be sold and Ickes is a board member.

Little Hope for Future.

As a result of this statement, Eckener declared that he had little hope for the future of Germany's lighter-than-air passenger transport.

"There will be no more passenger zeppelin flights without helium," he said.

See HELIUM, Page 4.

CHILD-BRIDE IS CHAPERONED

August Scola, 19, and his 17-year-old bride, who, he charged, was taken from him by her parents and locked up for 37 days, began their married life anew in Media, Pa., with a court-appointed chaperone making a daily check-up. The young husband's family was ordered to furnish a 10-year-bond for the support of the couple, shown in their kitchen.

HOUSE BEAT DOWN REPUBLICAN EFFORT CHANGE RELIEF BILL

ATTEMPT MADE TO TURN ADMINISTRATION OF RELIEF OVER TO STATES

WASHINGTON, May 12.—(AP)—The house beat down today a republican attempt to turn the administration of relief over to the states. The standing vote was 106 to 39.

Another amendment, to increase from \$1,250,000,000 to \$1,500,000,000 the proposed WPA fund for the seven months ending next January 31, was rejected by a standing vote, 61 to 23. It was proposed by the house liberal group.

The first amendment to the \$3,054,000,000 lending-spending bill, offered by Representative Bacon (R-NY) was the minority proposal for decentralization of relief. It proposed to set up bi-partisan boards to handle relief funds and to require states to put up 25 cents for every \$1 contributed by the federal government.

Under that arrangement, Bacon said, "more and more relief money would reach the people in actual need."

Republicans said they would make another attempt just before a vote on passage of the bill, to put their program into the measure.

Abducted

Mrs. Luis C. DeBaca (above) of Santa Fe, daughter-in-law of a former lieutenant-governor of New Mexico, was abducted, but released unharmed by a group of men in a car. Five Pecos, N. M., youths were charged with the abduction.

FALLEN ETHIOPIAN EMPEROR DEMANDED ACTION BY LEAGUE

ACTION FRANCE AND GREAT BRITAIN DEPLORED BY KINGS OF KINGS

GENEVA, May 12.—(AP)—The last hopes of Haile Selassie of blocking an Anglo-French move to recognize Italy's conquest of his Ethiopian empire vanished today as a majority of the delegates of the League of Nations council declared in favor of recognition.

The council members' judgment late today came after a morning session in which the fallen Ethiopian ruler made a despairing appeal for recognition and demanded that the issue be taken to the whole assembly.

The black-garbed Negus sat silent at the council table as the president, Wilhelm Munter, Latvian foreign minister, summed up:

"The great majority of the members feel that despite regrets it is for individual members to decide as they choose."

Proponents of recognition, chief among them Britain and France, considered this summation and the preceding declarations left League states free to recognize Italy's king as emperor of Ethiopia.

GENEVA, May 12.—(AP)—Ethiopia's fallen Emperor Haile Selassie today demanded that the question of recognizing Italian conquest of his empire be taken to the league assembly.

The demand of the former "king of kings" if successful probably would wreck Anglo-French plans to recognize King Victor Emmanuel III as emperor of Ethiopia, for the assembly includes all the members of the league, many of which are set against recognition.

Haile Selassie, too ill to speak, sat at the league council table while his representative, Alo Lawrence Tazeez, read his speech.

After he had listened silently to the British foreign secretary, Viscount Halifax, announce that Britain wanted to give even his title to Italy, he told the council he had come to Geneva to "defend my people."

He explained, however, that he was "just recovering from illness" and asked permission to have his speech read.

All the procedure that the league can command has been used to try to get Ethiopia out of this body of nations," Tazeez read in a low voice.

The statement of the exiled emperor Haile Selassie declared that his country held not only legal but factual rights as an independent state and that Italy had by no means completed conquest of his empire.

Opposes Old Friends.

"I am sorry I do not find myself in agreement with Great Britain which has given me hospitality and France to whom Ethiopia owed its original membership in the league," the statement continued.

Members of the league, this is a reign of fear. The states that are members of the league are each one for himself.

France's foreign minister, Georges Bonnet, spoke when the Ethiopian speaker finished.

BRITAIN DEMANDS PAYMENT BY MEXICAN GOVERNMENT LOSSES DUE TO RECENT REVOLUTIONS

LONDON, May 12.—(AP)—A demand on the Mexican government for immediate payment of 370,962.71 pesos at current rate of \$58,000 for British losses in revolution action between 1910 and 1920 was made public today, a demand in which Britain pointed to "apparently discriminatory treatment" in favor of the United States.

The test of the demand, made under the Anglo-Mexican special claims convention, showed it was presented yesterday in Mexico City by Minister Owen St. Clair O'Malley.

The note pointed out that a similar debt to the United States government had been punctually discharged and his Majesty's subjects who have received little or no interest in the last 25 years.

Britain said Mexico's attitude toward her debts was "far from reassuring."

The note estimated Mexico's public external debt, excluding foreign claims not represented by Mexican government securities, at \$976,000,000, a substantial proportion of which is owed to British subjects. It said that Mexico had no interest in the last 25 years.

Britain said Mexico's attitude toward her debts was "far from reassuring."

ALLIN F. MITCHELL NAMED BY GOVERNOR AID SECURING PARK

ALLIN F. MITCHELL of Corsicana has been selected by Governor James V. Allred to represent this section of Texas at a meeting to be held in Austin on May 23 to perfect an organization for securing the land necessary for the establishment of the Big Bend National Park. Mr. Mitchell has announced that he will accept the appointment and attend the meeting.

His letter of appointment said in part:

"On May 23 in Austin a group of public spirited citizens will meet at the Austin Chamber of Commerce to formulate plans for raising funds to acquire title to the Big Bend Park area. I want to extend to you a most cordial invitation to attend this meeting as the representative from your section of the state. Committees will be appointed and a definite program decided."

"You probably know, the United States Government has been authorized by an Act of Congress, through the secretary of the interior, to establish, dedicate and maintain a national park, to be known as the Big Bend National Park in the State of Texas, provided the State will convey title to the area free of any cost to the United States government. I will be the job of those who meet with me here to form an organization which will assure the raising of the necessary funds for purchasing this land, 225,000 acres of which the state already owns through acquisition of former school lands. We cannot afford to miss the opportunity of securing this generous Federal grant, which will mean so much to our state and the country at large."

Lands lying within the area of little value, if any, for agricultural purposes other than the establishment of such a park. Such a project, when completed, will be of immeasurable benefit both from the standpoint of recreation and economic development. Our tourist trade would be materially increased, for not only is the scenery beautiful and unspoiled, but wild game abounds and the park will be one of the greatest game preserves in the United States. It will contain a million acres of mountain country in Texas, and opposite it on the Mexican side of the Rio Grande will be another million acres. The possibilities are unlimited."

"I know that the meeting in Austin will be of much benefit to all of us, and I shall look forward to being with you on the 23rd. Please let me know if it will be possible for you to be here."

SECOND LARGEST WINTER WHEAT CROP IN HISTORY NEAR

CHICAGO, May 12.—(AP)—The vast machinery that moves food from farm to consumer was being mobilized today to handle the second largest winter wheat crop ever produced in this country.

With harvest of the first new wheat crop in the south and threshers scheduled to move into Texas fields within a week or ten days, railroads were making plans to concentrate a record number of cars in the Southwest to haul the grain to the market.

Elevator interests and millers, likewise, were preparing for the influx of wheat that will give farmers, transportation agencies, handlers, processors and grain dealers throughout the producing belt. The flow of grain will move northward as the season progresses.

The car service division of the Association of American Railroads has issued orders for concentration of 40,000 to 50,000 box cars suitable for loading grain in the wheat belt.

The 655,000,000 bushels crop harvested in 1937 had a market value of \$747,000,000 a year ago. With this exception, the prospective 1938 crop promises to have more cash market value than any crop in the last eight years, surpassing even the value of the record breaking production of 720,000,000 bushels in 1931.

Amendments Offered Pump-Priming Bill

WASHINGTON, May 12.—(AP)—Democratic and republican house members offered conflicting amendments today to the \$3,000,000,000 pump-priming bill in a dispute over expanding or stopping public power and electrification projects.

Republicans, opposing the entire legislation, contended it would let the public works administration go ahead at once with \$58,780,028 in new power developments, which by PWA's own statement would compete with private facilities.

Although conceding they had no chance of success, the minority members proposed forbidding use of funds in the bill for competitive projects of any kind.

The democratic leadership, on the other hand, endorsed an amendment to let the Reconstruction Finance Corporation supply \$60,000,000 additional for sending electricity to rural areas.

Leaders said they would hold the house in session until it took a final vote on the bill, probably tomorrow.

See CONGRESS, Page 4.

Court Test For Shutdown Order Being Talked Of

GLADEWATER, May 12.—(AP)—A court test of the validity of the railroad commission order calling for a shutdown of nearly all the state's oil fields on Saturdays and Sundays during the present month was being talked in East Texas today.

Possibility of such action was suggested at a mass meeting held last night which was termed by John C. Schroeder, president of the East Texas Independent Petroleum Association, as "the second of a series of mass meetings to acquaint people with conditions in Austin."

A threat to seek federal regulation of the Texas oil industry if the commission "doesn't change its tactics" was also projected at the conference of independent oil men.

Schroeder charged the East Texas field had been discriminated against since the first shutdown order Nov. 15, 1937, declaring 62 Texas fields had been given increased allowances while "we East Texans are held back."

Karl Crowley, candidate for governor, said he saw the East Texas situation as "the effect of monopolies to force the independents out of business."

Two Killed, Third Injured Truck Crash

BALLINGER, May 12.—(AP)—Two Rowena men, Ed Kunkel and L. B. McCoy, were crushed to death in wreckage of their automobile in a head-on collision with a truck on the San Angelo highway six miles west of here today.

Denn Young of San Angelo, driver of the truck, and J. R. Cotton, also of San Angelo, received minor injuries.

Young said he pulled the truck off the pavement in an effort to avoid the crash. Crow bars were used in an hour-long effort to extricate the mangled bodies from the light coach.

The victims had started to Winter where Kunkel, about 40, manager of a Rowena gin, was supervising the overhauling of the gin, and McCoy, about 30, was assisting. The truck was going to San Angelo.

ALLIN F. MITCHELL NAMED BY GOVERNOR AID SECURING PARK

ALLIN F. MITCHELL of Corsicana has been selected by Governor James V. Allred to represent this section of Texas at a meeting to be held in Austin on May 23 to perfect an organization for securing the land necessary for the establishment of the Big Bend National Park. Mr. Mitchell has announced that he will accept the appointment and attend the meeting.

His letter of appointment said in part:

"On May 23 in Austin a group of public spirited citizens will meet at the Austin Chamber of Commerce to formulate plans for raising funds to acquire title to the Big Bend Park area. I want to extend to you a most cordial invitation to attend this meeting as the representative from your section of the state. Committees will be appointed and a definite program decided."

"You probably know, the United States Government has been authorized by an Act of Congress, through the secretary of the interior, to establish, dedicate and maintain a national park, to be known as the Big Bend National Park in the State of Texas, provided the State will convey title to the area free of any cost to the United States government. I will be the job of those who meet with me here to form an organization which will assure the raising of the necessary funds for purchasing this land, 225,000 acres of which the state already owns through acquisition of former school lands. We cannot afford to miss the opportunity of securing this generous Federal grant, which will mean so much to our state and the country at large."

Lands lying within the area of little value, if any, for agricultural purposes other than the establishment of such a park. Such a project, when completed, will be of immeasurable benefit both from the standpoint of recreation and economic development. Our tourist trade would be materially increased, for not only is the scenery beautiful and unspoiled, but wild game abounds and the park will be one of the greatest game preserves in the United States. It will contain a million acres of mountain country in Texas, and opposite it on the Mexican side of the Rio Grande will be another million acres. The possibilities are unlimited."

"I know that the meeting in Austin will be of much benefit to all of us, and I shall look forward to being with you on the 23rd. Please let me know if it will be possible for you to be here."

THEORETICAL ENEMY INFANTRY FORCE DROPPED FROM AIR GAIN FOOTHOLD ATLANTIC SEABOARD

By DEVON FRANCIS Associated Press Aviation Editor
NEW YORK, May 12.—Thousands of theoretical enemy infantrymen landed by parachute between midnight and dawn today at two points on the Atlantic seaboard, the war game of the general headquarters air force, assigned to guard the United States from invasion, got underway.

Major Gen. Frank M. Andrews, commander of the force, and head umpire of the great tactical maneuvers, informed the commanders of his three "wings" that the "blacks"—a mythical coalition of European and Asiatic powers—had gained footholds at Kitty Hawk, N. C., and on an island of Maine, five miles southwest of Boothbay Harbor.

There, he informed his men, the imaginary infantrymen were hard at work establishing landing fields for the hundreds of planes expected to be launched from black aircraft carriers with more troops.

Simultaneously, the fast-acting enemy theoretically bombed the

HEAD OF AMERICAN MEDICAL SOCIETY TO ADDRESS STATE BODY

DR. J. J. UPHAM OF COLUMBUS, OHIO, TO SPEAK AT FINAL SESSION

GALVESTON, May 12.—(AP)—Dr. J. J. Upham of Columbus, Ohio, president of the American Medical Association, will address the final session of the State Medical Association here this afternoon.

Dr. John A. Kilmer of Philadelphia, Dr. John J. Shea of Memphis, Tenn., and Dr. A. T. McCormack of Louisville, Kentucky, State Health Commissioner, were others scheduled for addresses at the closing general assembly.

The State Association last night passed resolutions endorsing action by the American Medical Association against "propaganda" for socialized medicine and urging American doctors to refrain from joining the American Medical Association.

The government of that country suppresses the broadcasting by radio stations of attacks in English on American physicians.

Total registration for the convention neared 2,000 yesterday.

Formation of the Texas Social Hygiene Association, dedicated solely to sex education and venereal disease control, was announced last night. The society's committee approved nomination of R. F. Voyer of Dallas and Austin as secretary and general director. Dr. C. R. Hannah, Dallas, is chairman. The board of the new society with Dr. E. H. Cary, Dallas, first vice-president; Mrs. Volney Taylor, Brownsville, second vice president, and Dr. J. J. Upham, Columbus, Ohio, president.

Named As "Miss Texas"

AUSTIN, May 12.—(AP)—Appointment of Miss Ernestine Melton of Texarkana, student at the University of Texas, as "Miss Texas" at the National Tomato Show and Festival in Jacksonville, June 7, was announced here today by Governor James V. Allred.

Sixteen-year-old Melton, a native of Austin, was crowned "Miss Texas" last year.

Stevenson Opens Headquarters.

AUSTIN, May 12.—(AP)—Coke Stevenson, candidate for lieutenant governor, opened state headquarters here today.

INTEGRALIST REVOLUTION IN BRAZIL RECALLS WARNING THAT MONROE DOCTRINE STILL EXISTS

By DEWITT MACKENZIE Associated Press Foreign Writer
NEW YORK, May 12.—The integralist (fascist) revolution in Brazil would seem to give emphasis to the Washington administration's warning of last month that the Monroe Doctrine still exists and outsiders are to keep predatory hands off the western hemisphere.

One haunts to add there has been no charge that this revolt had foreign backing. However, the green-shirted integralists who are credited with engineering the uprising have built their house largely with material made in the Mussolini-Hitler brickyard.

Brazil's big Italian population, which is estimated to total at least a million and a half, is chiefly fascist. Germans probably run close to 200,000, and most of them are nazis.

Dr. Madeira De Freitas, a Brazilian physician who has described himself as "the Goebbels (propagandist) of integralism," said at the end of 1936 that the integralist chief, Plinio Salgado, had shown his plans to Mussolini. The Italian dictator was quoted as predicting: "You will rule Brazil by 1937."

The point of all this is that whatever the racial complexion of the integralists may be, and irrespective of who inspired the revolt, they still think in terms of the European dictatorships. Thus it is fair to assume that while there may be no direct connection, the Brazilian fascists have a leaning towards their brethren in the old world.

U. S. BLUEJACKETS PATROL KULANGSU ISLAND SETTLEMENT

SHANGHAI, May 12.—(AP)—American bluejackets today patrolled the small international settlement on Kulangsu Island, off the south China coast, as thousands of refugees and soldiers poured in after Japanese naval forces captured Amoy Island, including the city of Amoy, important port 600 miles south of Shanghai. All foreigners were said to be evacuated.

At the same time the Japanese reported new gains on the Shantung front, where fully a dozen columns were moving steadily toward the Lungai railway against "stubborn" resistance.

On the left wing of this 65-mile front, the Japanese asserted they had occupied Langtzehu, south of Tancheng, and only three miles from the Lungai, and said the Chinese were in "full flight." This is the nearest they have approached the vital east-west railroad in their five-month drive.

Two Chinese divisions fighting at Matoweh, five miles northwest of Tancheng, were said to have been "almost annihilated."

Many Deer Disturbed

AUSTIN, May 12.—(AP)—Two hundred and forty-seven deer roamed in new environments in Texas today. The game department, upon completion of its annual restocking program, yesterday said most of the deer were deer and the number distributed more than double that of last year.

WASHINGTON, May 12.—(AP)—The navy announced today that 18 battalions of the fleet Marine corps reserve would participate in the 1938 field training schedule, which included: The 15th Battalion, Galveston, Texas, at Camp Mabry, Austin, Texas, June 12.

Five Year Plan For Flood Control Went To Congress From Committee Thursday

WASHINGTON, May 12.—(AP)—A five-year plan of flood control went to congress today with leaders planning to ask initial appropriations next year to carry it out.

As drafted by the house flood control committee, the bill would authorize projects to cost \$375,000,000 during the five fiscal years ending June 30, 1944.

The committee, lacking authority to appropriate money, prepared the program on the basis of recommendations by the army engineers. Appropriations can be provided only by the appropriations committee, which already has made its flood control recommendations for the 1939 fiscal year.

Those recommendations, approved by congress, provided \$118,000,000 for flood control projects previously authorized.

The committee bill proposed 30 per cent local contributions for reservoir property rights. This action, Chairman Whittington (D-Miss) said, resulted from recommendations of war department engineers and President Roosevelt that the principle of local participation be retained.

The administration, Whittington said, objected to committee proposals that local contributions might be abolished entirely in the ground floor control was a federal problem.

They said engineers and the President contended local governments could drive better bargains in purchasing property.

See FLOOD CONTROL, Page 8.

VARGAS INVOKED MILITARY POWERS WIPE OUT REBELS

RIO DE JANEIRO, Brazil, May 12.—(AP)—Brazil's strong man, president Getulio Vargas, invoked full military and police action today to wipe out forever fascist green-shirts, whose three and one-half hour rebellion failed because they did not know the government palace was without a garrison within its walls.

Police, with 500 of the rebels already in jail, spread through the city, searched every suspected fascist's home, made more arrests and found evidence the revolt was well planned but without coordinated execution.

The rebels made their attack yesterday morning against President Vargas' palace, the residence of the chief of staff of the army, and other strategic points—but they lacked the one vital piece of information that could have carried them to at least momentary success.

To Alberto Lins de Barros, former charge d'affaires who helped defend the president's palace, told about it today.

"I believe the attackers did not know the palace was completely surrounded by an internal garrison, otherwise they would have advanced into the palace instead of fighting in the gardens," he said.

Interesting News From Navarro County Towns

Angus

ANGUS, May 12.—(Spl.)—Mrs. M. E. Shelton had as her guests Sunday Mrs. John Denbow of Mindon, La. and Mrs. Roy Burdine of Little Rock, Ark. Mr. and Mrs. Jack Poulter and family of Frost; Mr. and Mrs. Howard Denbow, Mr. and Mrs. Edd Holcomb and daughter, Mr. and Mrs. Clyde Bunch and baby; Mrs. Denbow and daughter, Verna Lee; Mr. and Mrs. R. J. Odom and Miss Marie Butler of Corsicana.

Mr. and Mrs. Tom Ware spent the week-end with their daughter, Mrs. Jessie Grossditter and family in New London.

Mr. and Mrs. Loyd Knotts and family of Roane spent Sunday with his parents, Mr. and Mrs. J. R. Knotts.

Mr. and Mrs. L. P. Tilton and daughter, Annie Maud, spent the week-end in Dallas.

Mr. and Mrs. Elbert Harris and daughter, Ruby Nell, of Corsicana, Mrs. Bulah Caffy and family, Mr. and Mrs. Bolden of Emmett visited Mr. and Mrs. Elmer Stewart and daughter, Alpine, Sunday afternoon.

Mrs. Smith of Vivian, La., and Mrs. Roy Petty of Minden, La., visited Mr. and Mrs. John Ware last week.

Mr. and Mrs. Vernon Lynch and Mr. and Mrs. Charles Pugh spent Sunday with Mr. and Mrs. H. C. Reed and family.

Mr. and Mrs. J. L. Caffy and daughter, Ruby Nell, visited in Frost Sunday afternoon.

Mrs. Harmon Ferguson of Powell spent Sunday with her parents, Mr. and Mrs. M. F. Stewart.

Mr. and Mrs. R. D. McCloud of Brenham spent the week-end with her parents, Mr. and Mrs. W. G. Fowler.

Mrs. E. Henderson and family of Kilgore spent Sunday with her parents, Mr. and Mrs. M. F. Stewart and they accompanied her home for a week's visit.

Mr. and Mrs. S. L. Thomas and son, Howard Lee, spent Sunday with her parents, Mr. and Mrs. J. R. Knotts.

Filling Station

Reported Robbed

City officers were engaged Wednesday in an investigation of the burglarizing of the Magnolia Service Station at the intersection of South Seventh street and East Seventh avenue. According to officers, an employee of the station reported the place had been robbed of approximately \$80 during his temporary absence from the building although he was in sight of the front door during the entire time. The register and cash drawer was taken from the place and carried to the Burlington-Rock Island tracks nearby and rifled.

County School Head

To Deliver Three Talks This Week

G. H. Brown, county superintendent, will deliver three school addresses this week. Superintendent Brown will deliver the commencement addresses at Roane Wednesday night and at Corbett Thursday night. He will be the principal speaker at the junior-senior banquet at Mildred Friday evening.

Tupelo

TUPELO, May 12.—(Spl.)—Sunday School was well attended Sunday after which an appropriate Mother's Day program was well rendered by the members and enjoyed by a large audience.

The Missionary Society of Chalfield invited Tupelo society to meet with them in a joint meeting Monday afternoon, a large group went and enjoyed the occasion very much.

Mr. and Mrs. T. H. Bowden, R. M. Bowden, wife and son were dinner guests of Mr. and Mrs. T. U. Bowden of Corsicana Sunday.

Mr. and Mrs. Clem Dixon of Emhouse spent Sunday in the home of L. C. Lockhart and wife.

Mr. and Mrs. Frank H. Robertson of Corsicana visited Mr. and Mrs. M. C. Burdine Sunday.

Mr. and Mrs. L. M. Williams, daughter, Corinne and N. B. spent Sunday (Mother's Day) with their daughter and sister, Bertie Lue, who is a student at N. T. S. T. C. Denton.

Lawrence Moody and family spent the week-end with relatives in Blooming Grove.

The infant of Mr. and Mrs. John Robinson that was born at the Navarro Clinic was buried Saturday.

A large group of ladies attended the quilting that was given by Mrs. Pleas Mitchell last Thursday.

Quite a number from here enjoyed the school exercises at Rice last Friday night.

Bazette

BAZETTE, May 12.—(Spl.)—There were preaching services at the Methodist church Sunday and Sunday night.

Mrs. Gracie Beauchamp and children, a sister from Dallas and Mrs. Sanders visited their mother, Mrs. W. E. Pearson, Sunday.

Miss Atwood and Lorraine Massey spent the week-end with their parents, Mr. and Mrs. F. H. Massey.

Will Tramel, Jr., who had been ill for several weeks, died at his home Friday morning and was buried in the Prairie Point cemetery Saturday afternoon.

Mr. and Mrs. D. D. Jones and children of Trinidad and Miss Josie Sessions, who teaches at Eustace, Farris Sessions and family and Kenneth Sessions and East Seventh avenue.

The Vacation Bible School is being taught at the Methodist church this week.

Mr. and Mrs. W. C. Wasson and others were dinner guests of Mrs. Atkinson Sunday.

Store at Currie

Burglarized Today

The Williams store at Currie was burglarized at an early hour Wednesday morning. Constable W. G. Ivey of Richland was investigating the affair.

A complete check of the loss had not been made at the sheriff's office early Wednesday afternoon.

Pursley

PURSLEY, May 12.—(Spl.)—S. R. Goff preached the baccalaureate sermon here Sunday afternoon for the high school and grammar school graduates.

The graduation exercises will be held Friday night. Lawrence (Sadie) Ransom will speak.

The seniors will put their play on Tuesday night, May 17th. The name of the play is "The Little Ciochopper," and admission will be 5c and 10c.

The grammar grades plays were rendered Tuesday night, May 10th, and Thursday night, May 12th.

School will be out May 17th. Mrs. Germany and nephew, Jerry Sam Scott, of Frost visited here Sunday afternoon and attended the baccalaureate sermon.

Mr. and Mrs. Thurman Pryor of Wichita Falls visited Mr. and Mrs. Elmer Pryor during the week-end.

Miss Mamie Nell Ganze of Athens visited her parents, Mr. and Mrs. E. M. Ganze.

Mr. and Mrs. M. W. Owen and daughter, Christine and Mrs. Moore of Corsicana visited Mr. and Mrs. L. Owen Sunday night.

Mr. and Mrs. J. C. Burns of Corsicana, Mr. and Mrs. Pete Mahoney and Mr. and Mrs. Max Burns of Corsicana with Mr. and Mrs. Will Burns.

Mr. and Mrs. Roy Dalton and daughter, Martha Lynn, of Hillsboro visited Mr. and Mrs. W. B. B. B.

Mrs. Elmer Payne of Houston and Mr. Aaron Payne visited Mr. and Mrs. R. L. Pursley and Mr. and Mrs. W. E. Payne during the week-end. They returned to Houston Sunday afternoon.

Mr. and Mrs. J. T. Pryor of Wichita Falls are here with Mr. and Mrs. Elmer Pryor, while J. T. is recovering from a broken foot.

Mr. and Mrs. Paul Pearson of Malakoff and Miss Olivia Pearson of Dallas spent Sunday with Mr. and Mrs. W. E. Pearson.

Miss Jora Jean Burns spent Sunday night with Fay Evelyn Wylie.

Misses Ruth Lancaster of Dawson and Anna Jo Matthews spent Sunday with Mary and Jewell Hellums.

Mr. and Mrs. Clarence Cunningham and children visited relatives near Dawson Sunday.

Mr. and Mrs. O. B. Gunn attended the singing convention at Shiloh Sunday.

Mr. and Mrs. Fred Copeland and family spent Sunday with Mr. and Mrs. Curtis Wylie.

Mr. and Mrs. Duval Hedrick of Corsicana visited Mr. and Mrs. Shelley Sunday.

Roane

ROANE, May 12.—(Spl.)—Miss Betty Mae Johnston had as her guests for week-end, Miss Edith Thomas of Waxahatchie, and Mrs. C. S. Johnston of Barry.

Mr. and Mrs. Ralph Mills of Denton visited Mrs. Jim Estes Wednesday and Thursday.

Mr. and Mrs. Rufus Massey spent Sunday in Kerens.

Mr. and Mrs. Pope Estes visited their daughter in Dallas and Denton Sunday.

Mr. and Mrs. Marvin Garrett of Fort Worth and Mr. and Mrs. Guy Campbell of Richland visited their daughter, Mrs. J. Garrett Sunday.

Miss Nadine Hobbs accompanied her parents to A. and M. College Sunday where they visited with her brother, Richard.

Mr. and Mrs. B. O. Flowers spent the week-end in Dallas.

Mr. and Mrs. Loyd Knotts and family spent Sunday with his parents in Angus.

Mr. and Mrs. John Bragg spent Sunday in Corsicana with Mr. and Mrs. Bill Davis.

Miss Lucille McKee spent the week-end with her parents in Mabank.

Courthouse News

District Court. Jim Garrison took the stand in his trial on a murder indictment in the district court Wednesday. He is being tried in connection with the fatal shooting of Aube Washburn, near Wildcat Ferry, Dec. 24, 1934. Garrison testified he and Washburn were the best of friends and had never had any trouble.

With reference to the fatal shooting of Washburn, Garrison said Washburn had left his house, according to his memory, and he (Garrison) saw a masked man, armed with a knife, advancing on him. Garrison said he believed at the time the man was a person with whom he had experienced previous trouble. He fired one time with a shotgun. The defendant said he didn't know he had slain Washburn until the next day after he was in the county jail.

Indictments in the evidence will be completed some time Wednesday afternoon.

The state rested Tuesday afternoon.

The defense is relying on temporary insanity, caused by excessive use of alcohol over a long period of time.

The prosecution is being conducted by C. E. Miller and J. C. Jacobs, criminal district attorney and assistant, respectively. The defense is being conducted by Mays & Mays.

District Clerk's Office. The following case was filed: Odessa Sanders vs. Manuel Sanders, divorce.

Marriage Licenses. Douglas Johnson and Marie Sparks.

W. M. Norris to Westbrook Oil Corporation, 1-16 interest in 160.33 acres A. Parsons survey, \$10. Justice Court.

On was fined on a vagrancy charge by Judge W. T. McFadden.

ANNUAL MEETING OF CORSICANA DISTRICT METHODISTS MEXIA

The annual meeting of the Corsicana District of Methodism, with Dr. C. R. Gray, presiding, is in charge, will open at 2:30 o'clock next Tuesday afternoon in the First Methodist church in Mexia. The conference will have a Tuesday night meeting and will close Wednesday. A good program has been arranged and delegates to the annual conference will be elected.

On Tuesday night, starting at 7:45 o'clock, Dr. Gray has the promise that the new bishop, Dr. Ivan Lee Holt of St. Louis, will preach. Dr. Holt has been assigned to the Central Texas Conference, which includes the Corsicana District.

First Church Corsicana has elected delegates as follows: Messrs. J. W. David, A. E. Haslam, A. W. Rogers, Lacy Villa, Roy A. Langston, Clyde Gray, C. R. Gray, R. W. Knight, J. S. Callicott, J. S. Murchison, Messrs. W. P. McCammon, T. J. Walton, Boy Martin, J. L. Jackson, W. M. Huff and Lonnie Powell.

Festus Pierce, chairman of the board of stewards and church lay leader, Edgar Metcalf, conference secretary, Rev. R. W. Nation, supernumerary preacher, and S. J. Jackson, district steward, are ex-officio members of the district conference.

The Corsicana district is composed of some 23 pastors and over forty churches. Pastors will make reports on the condition of their churches for the first six months of the church year.

The church voted to permit Dr. Roy A. Langston to seat any alternates to fill any vacancies of the delegation.

SPRAYING

INFORMATION

Insect spray when applied under high pressure is much more effective and therefore cheaper than when applied otherwise. We use "High Pressure Pumps" only.

In addition to the method of application the MATERIAL used should be thoroughly understood, as just "anything won't do for everything."

WE USE, RECOMMEND AND SELL HEXPO.

Hexpo does Two Jobs in One — Gets Bugs, Prevents Blight, Saves Time and Money.

Let us do the job. It is then done better and at less cost.

LOWE FLORAL CO. 420 North 15th Street Telephone 443 — Corsicana, Texas

Richland

RICHLAND, May 12.—(Spl.)—There was a good rain fell in and around Richland Saturday afternoon which was needed in this part of the county.

Those in Corsicana the past week from here were Mr. and Mrs. J. G. Elkins, Mrs. Van Elkins and family, E. S. Allen, Mr. Mannings, B. Richardson and family, Mrs. B. L. Kollman, Mrs. Aldmon and Mrs. Eugene Fluker. The seniors of the Richland high school visited in Huntsville Saturday.

Mr. and Mrs. Buck Hubbard left Saturday afternoon to spend Mother's Day with their mothers. Mr. Hubbard going to Glimmer (Mr. Hubbard) to Athens.

Miss Bertha Pendergrass left Friday afternoon for Dawson to be with home folks.

Fairfield played ball with Richland Friday night.

Mr. and Mrs. J. G. Elkins and daughter, Miss Ericson, were guests of relatives at Chatfield Sunday.

Mr. and Mrs. H. W. Stapp spent Sunday with relatives at Edgewood.

Mrs. E. P. Gaines and daughter, Miss Helen Sue, spent Sunday in Malakoff, the guests of relatives.

Mrs. Vernon Keeling of East Texas and Mrs. Pat Cooper of Streetman were in Richland Monday afternoon.

Some of the CCC camp men of Chatfield spent Sunday with home folks.

Clyde Chunn spent Sunday in Corsicana with his sister, Miss Emma Chunn.

Mr. and Mrs. Lloyd Prater returned to Marlin several times last week to be with Mr. Prater's brother-in-law, who is in the hospital there and not expected to recover.

Mrs. Russ Rice of Groesbeck was in Richland Monday.

John Pierce of Groesbeck also had business in Richland Monday.

Walter Garland had business in Groesbeck Monday.

Mr. Edmondson and two of his sons have been working at Chatfield the past three weeks.

Mr. and Mrs. Will Moore and children were in Corsicana Monday afternoon.

Jim Davis and family, Mrs. Bertha Knotts, Mrs. Pete Carver and son, Bobby Dean, visited home folks Sunday afternoon.

Mrs. S. C. Ward was in Corsicana shopping one day last week.

Mr. and Mrs. J. W. Garland and Mrs. Gregory were in Corsicana Tuesday afternoon.

Navarro Mills

NAVARRO MILLS, May 12.—(Spl.)—Rains have halted farm work here this week. Crops are growing fine, though they are somewhat late for this time of the year, but with bright warm sunshine, they will make rapid headway. Bottom crops will be late due to the unusual number of overfloods.

A special Mother's Day service was held at the Baptist church Sunday night. It was a well rendered program and was put on by the school children and a very large audience was present for the special occasion.

On Friday night the school play was given at Navarro Mills and everyone is invited to attend.

Naomi Ford of Millsap was at home for the week-end with relatives here.

We are sorry to report George Marlowe has been quite ill since Friday, but his friends wish for him a rapid recovery.

Mr. and Mrs. Henry Hall were Corsicana visitors Monday.

Miss Ernestine Osborn of Emmett was a visitor here Sunday night.

Card of Thanks.

It is impossible for us to find words to express our deep gratitude for your sympathy in the loss of our beloved husband, father, son, and brother, Will Tramel, Jr.

We wish to thank all who did the kind deeds and loving acts of kindness which are too numerous to mention.

We shall always hold within our hearts a sweet memory for our many friends and their loving acts of kindness.—Mrs. W. G. Tramel, Jr., and Children; W. G. Tramel, Sr., and Wife, and Brother and Sisters.

Barry

BARRY, May 12.—(Spl.)—Mr. and Mrs. Dillard and sons of Ladonia visited their daughter, Mrs. W. J. Scoggins, over the week-end.

Mr. and Mrs. C. D. Peterson and son visited Mr. and Mrs. R. S. McDonald Sunday.

W. V. Bane and R. E. McCarty made a business trip to Mexia Saturday.

Mrs. L. A. McCord of Richland visited Mrs. McCarty Saturday and Sunday.

Mr. and Mrs. J. C. Watson and daughter, Norma Jane, spent Sunday in Waco.

Mr. and Mrs. Richard Burleson spent the week-end in Mart.

Mr. and Mrs. Ralph Evans spent the week-end in Palmer.

Mrs. Evans brother, Randal Farrar, accompanied them home.

Miss McNeill and Mrs. W. V. Bane and son visited in Nacogdoches Saturday.

Misses Ruby Thornton, Mary E. Everhart, Mary Marie Mitchell and Clara Bell Watson went to Denton Saturday.

Mrs. Nelson Inmon returned home Sunday from Farmersville, where she spent the week with her parents, Mr. and Mrs. W. B. Brandon.

Mr. and Mrs. Ben Freeman were in Dallas Sunday.

Nolan Inmon attended the funeral of his uncle, Jake Floyd, of Kerens Sunday.

Mrs. T. R. Peterson had the misfortune to fall and break a rib Sunday afternoon.

Miss Gracie May Russell visited her mother over the week-end.

C. E. Watson and family spent Sunday with Mrs. R. A. Reed and family of Drane.

Mrs. Claude Wilson and baby of Mildred visited her sister, Mrs. Joe Worsham, last week.

Mr. and Mrs. E. L. Watson went to Eureka Sunday.

Blooming Grove

BLOOMING GROVE, May 12.—(Spl.)—Mr. and Mrs. T. M. George, Sr., visited relatives in Hillsboro from Saturday until Monday.

Mr. and Mrs. R. D. Richards and daughter, Dallas; Mr. and Mrs. Bill Richards and children of Athens, Mr. and Mrs. Ed Rice of Tyler, and Mrs. Richards of Longview, and Mr. and Mrs. Russell Corbin and children of Dallas made a mothers day visit with their mother, Mrs. Maggie Richards.

Mrs. M. D. Murphy of Wortham was here Sunday with her parents, Mr. and Mrs. J. M. Reed.

Fred Compston, who is a traveling agent for the Standard Oil Company, spent the week-end with his home folks.

Mrs. Mabel Rice of Denton, Mrs. J. J. Lumpkin of Austin and Mrs. R. B. Spencer of Mexia were Mother's Day guests of Mrs. J. W. Brown.

Mrs. Florence Blair of Vernon has been here this week to attend the Dresden Cemetery Association meeting and visiting relatives.

Mr. and Mrs. Seth Grant attended the funeral of her aunt, Mrs. M. L. Berry in Dawson Friday.

Mr. and Mrs. Isbell and Miss Emily Isbell of Hillsboro visited his son, C. C. Isbell and family, here Sunday.

Miss Louise Tillman, a student in N. T. S. T. C., was here with her family over the week-end.

Jay Sewell, Jr., of Waco was here Sunday visiting his parents, Mr. and Mrs. J. L. Sewell.

Mr. and Mrs. Dudley George of Tyler and Miss Loraine George of Dallas were week-end guests of Mr. and Mrs. R. W. George.

Mr. and Mrs. W. E. Huffstutler spent Sunday in Dallas with Mr. and Mrs. Pat Clark. Their children, J. Dean Huffstutler of

Austin, Miss Francis Huffstutler of Strawn and Walton Huffstutler of Oklahoma, were also there for Mother's Day.

Mr. and Mrs. Houston Duncan of Mart were visiting his sister, Mrs. Kermit Compston Sunday.

Mr. and Mrs. Fred Griffin of Dallas, Mr. and Mrs. Hank Jordan of Fort Worth and Ernest Griffin and family of Barry were Mother's Day visitors with Mrs. Kate Griffin.

Misses Cora Lee and Lula George of Dallas and Miss Ruth Spurlock of Mildred were guests in the J. D. George home Saturday and Sunday.

Mr. and Mrs. E. L. Vick of Woodlake spent Sunday with her mother, Mrs. F. B. Cumpston.

REDUCTION SEEN IN TAX INCOME OF APPROVED PROGRAM

DECLINE IN PROFITS EXPECTED TO LOP FIFTY MILLION FROM INCOME

WASHINGTON, May 12.—(AP)—Final congressional approval of the new tax program left treasury officials today with prospects of about \$50,000,000 less income for next year than they had anticipated.

Original estimates provided for \$53,300,000 revenue in the bill, but one federal expert declared the lower level of business and the resultant decline in corporation profits would reduce that figure.

President Roosevelt was expected to give quick approval to the legislation, which greatly modifies the present undistributed profits and capital gains taxes—targets of business criticism.

Treasury officials, however, said privately they were not fully satisfied with the new provisions, adopted as a compromise after the senate had eliminated the entire undistributed profits tax.

Briefly, the measure provides:

An undistributed profits tax, applicable to corporations having more than \$25,000 income, ranging from 15 to 19 percent, depending on the amount of profits distributed.

A graduated tax of from 12 to 16 percent on corporate incomes under \$25,000.

A revision of capital gains taxes, setting a flat 15 percent rate on gains from assets held more than two years, 20 percent on those held from 18 months to two years, and ordinary income and surtax rates on those held less than 18 months.

An increase in the hard liquor tax from \$2 a gallon to \$2.25.

Repeal of certain "nuisance" taxes.

Estate and gift tax provisions unchanged except to reduce the annual exemption for gifts from \$5,000 to \$4,000.

BRAZIL

(Continued From Page One)

"The truth is the president's life was in imminent danger," Vargas, with his dark-eyed 23-year-old daughter, Donna Alcyra, and only five other persons were inside ready to fight off the attackers from palace windows, but fighting outside apparently convinced the rebels they faced a strong body of defenders. Arriving reinforcements saved the palace and the attackers capitulated.

Vargas, his position as dictator apparently strengthened, invoked martial law to carry on punitive action against the revolt which ended at 5:30 a. m. yesterday, with 12 dead and 22 injured.

HUGHES

Floyd Hamilton Reported Back In Dallas Thursday

DALLAS, May 12.—(AP)—Two fugitives from a West Texas jail, one the brother of the late Raymond Hamilton, were identified by a Dallas salesman today as the pair which commandeered his car at Terrell early today and forced him to drive them to Dallas.

W. J. Farley, Dallas, picked out police photographs of Floyd Hamilton and Fred Walters as the men who curbed his machine at Terrell and commandeered another automobile leaving him in Dallas.

Farley quickly identified Walters as one of the men who had been picked out—that of Hamilton—to be the likeness of the other man. Police said the Hamilton photo was several years old and not a good likeness of the criminal as he is now.

The pair forced him to sub another machine near Tension Park, Farley said, and left him with the driver of the freshly acquired car. Police had received no complaint today from the driver abducted in Dallas.

Farley said the men forced the driver of a car in which they were riding curb his (Farley's) machine near Terrell. They held pistols on him during the journey, and Ervin Goodspeed, later captured, fled the Montague jail several days ago after stabbing the jailor.

LEAGUE

(Continued From Page One)

lian statement was completed, said Bonnet, shaking his head emphatically at the news who sat with his eyes closed.

He said all the members of the council have done all we can," over the step which "must be taken."

"The presence of Emperor Haile Selassie increases our emotion," he declared.

The news was dressed in funeral black. All through the session he hung his head low and kept his eyes closed as though he feared to open them and find the almost inevitable decision against him already made.

No Humiliation Spared.

"Ethiopia continues to climb her calvary," the emperor's statement declared, "through the dripping voice of Tadesse."

"No humiliation has been spared her. I address a most energetic protest to the world."

"If it is true that the Ethiopian people expect no aid from the league, Ethiopia will remain amidst you as a living symbol of a violated victim."

"Millions of men and women are following the drama being played today at Geneva, where the future of the League of Nations and my country are at stake."

"It is inadmissible to sacrifice a member state for the needs of one or several other powers. Only the assembly can decide our case."

Soviet Russia's foreign commissar, Maxim Litvinoff, surprised the council by indicating that his government expected no aid from the "recognition" steamroller would not oppose it.

No Change in U. S. Policy.

WASHINGTON, May 12.—(AP)—The American government adheres to its policy of non-recognition of conquered territory despite the position of Great Britain and France in favor of recognizing Ethiopia, Secretary of State Hull said today.

"Our policy remains absolutely unchanged," the secretary said at his press conference. He took the unusual step of authorizing direct quotation.

"I may add," he said, "that on July 16 last year I gave an outline of the basic and fundamental principles and policies deemed necessary for the maintenance of any satisfactory structure of international order and moral and peaceful relations between nations."

"We have not deviated and do not intend to deviate from any of these principles and policies."

BRITAIN WILL HAVE GREAT FLEET PLANES WITHIN TWO YEARS

CHAMBERLAIN GOVERNMENT REPLIES BITTER CHARGES PROGRAM LAGGING

LONDON, May 12.—(AP)—The Chamberlain government replied today to bitter charges that its aerial rearmament program was lagging with a promise that Britain would have nearly 3,500 first line warplanes by March, 1940.

This would double the previous objective of 1,700 first line planes in service by March, 1939.

The figures were announced in the house of commons by Earl Winterston, deputy air minister, after Prime Minister Chamberlain himself had promised a "remarkable increase" in plane production when he addressed a rally of conservative party women.

Winterston said the figures included 2,270 planes at home, 490 overseas and at least 500 for the navy. By first line planes he meant craft capable of active military service.

There was a powerful movement in commons based on demands that Britain equal or surpass Germany's aerial rearmament. Unofficially it was estimated Germany had 2,100 first line military planes with 3,000 in reserve and was producing many more than Britain each month.

To Increase Production.

LONDON, May 12.—(AP)—Prime Minister Neville Chamberlain, although expressing optimism for Europe's peace, today pledged a "remarkable increase" in Britain's rate of warplane production.

The prime minister, who later faced an angry parliament demanding an immediate explanation of the nation's military aircraft production program, made his statement to a rally of conservative party women.

"I have given by personal attention to this matter in consultation with the air minister and the minister for co-ordination of defense," he said. "I am satisfied that new measures we have taken will be successful in overcoming defects we have met."

FEDERATED CLUBS
ADOPT AMENDMENT
PROCEDURE PLANS

HEAR LIQUOR BLAMED WITH
MANY OF ILLS OF MOD-
ERN YOUTH

KANSAS CITY, May 12.—(AP)—The General Federation of Women's Clubs today adopted unanimous action enabling the executive committee to make appointments in nine major departments without approval of state federation officials. Three years ago 28 states were opposed to an amendment enabling the executive committee to make appointments in nine major departments without approval of state federation officials. Today Mrs. Roberta Campbell Lawson, of Tulsa, Okla., and Mrs. Edith Orr Dunbar, of Portland, Ore., the president and first vice-president respectively, spoke for the change at the federation convention.

Mrs. George Norman Campbell, of Kalamazoo, Wash., chairman of the committee on scholarships, fellowships and state loan funds, reported the club funds for such purposes now exceeded a million and a half dollars.

"It would be a very thrilling story if we could see marching before us at this convention a file of 16,000 young persons who have been aided by our education loan and scholarship funds," she said.

W. Roy Breg, of Washington, executive secretary of allied youth, told the federation in an address that one fifth of the crime tabulated by the federal bureau of investigation is directly related to liquor and "the most unfortunate part of this is that young people are directly involved."

"It is increasingly difficult for young people to get the kind of good times to which they are entitled," he said, "without going to the places where alcoholic beverages are served and it is time something was done about it."

Final Decision Construction Of Fair Plan Soon

Members of the board of directors of the Corsicana Livestock and Agricultural Show authorized the securing of estimates of cost on the two proposed first units of the permanent fair plant at a meeting held Thursday morning.

Several revisions to the proposed plans submitted by architects earlier in the week had been made for Thursday's meeting and a few additional minor changes were suggested before the estimates are sought.

The board is expected to make final decision on the construction as soon as the figures are available and will hold a meeting in the near future for this purpose.

CONGRESS

(Continued From Page One)

early in the evening. Representative Woodrum (D-Va.), in charge of the legislation, said it would pass without any trouble.

Extra funds for rural electrification were advocated by Representative Maverick (D-Tex.), who said the house liberal bloc had delivered an ultimatum that \$50,000,000 would have to be provided or its members would vote for a proposal of Representative Rankin (D-Miss.) to add \$200,000,000.

Maverick said Democratic Leader Rayburn had gone to the President and the appropriations committee with the \$60,000,000 proposal and found it "agreeable to both."

The rural electrification administration Rayburn said, already has \$40,000,000 for the year starting July 1.

Debate on the bill in general ended yesterday after republicans had denounced it and democrats had contended it would bring business improvement. Simultaneously, Secretary Roper declared that the recession has hit bottom but there was no evidence of a natural early upturn.

Texas Charges Two Senators Involved In Monopoly Case

WASHINGTON, May 12.—(AP)—Representative McFarlane (D-Tex.) told the house rules committee today two former senators, whom he did not name, had received money for interference with action of the justice department in a radio monopoly case at Wilmington, Del., six years ago.

"It has been my thought for some time," McFarlane said, "to present to the house certain information including data in affidavit form which conclusively proves the existence of a criminal conspiracy, which not only deceived the public but also deceived the public and also our court officials."

The statements were made as the rules committee began consideration of five resolutions, one of which named a number of other large companies were involved.

McFarlane has proposed, in one resolution before the committee, that a seven-man house committee be named to investigate charges that "a monopoly or monopolies exist in radio broadcasting alleged to be held" by the Columbia, National and Mutual Broadcasting systems.

Want Government Station.

WASHINGTON, May 12.—(AP)—Senators Chavez (D-NM) and McAdoo (D-Calif.) urged today establishment of a government radio station to "counteract" broadcasts of "propaganda" from Germany and Italy to Latin America.

The two senators appeared before an interstate commerce subcommittee to ask approval of their bill authorizing the secretary of the navy to establish a shore wave radio station near San Diego, California.

Chavez told the committee European countries were broadcasting to South America in Spanish and Portuguese a "tremendous amount of propaganda that is undermining every effort of this administration to build friendly relations with Western Hemisphere countries."

Roosevelt Backs McAdoo.

WASHINGTON, May 12.—(AP)—President Roosevelt has carried forward his apparent policy of giving a "pat on the back" to administration senators who are up for re-election by urging the veteran Senator William G. Mc-

At Least Thirty Persons Killed In Barcelona Raid

BARCELONA, May 12.—(AP)—At least 30 persons were killed and forty injured today when insurgent warplanes made a swift raid on the center of this capital government Spain.

The raiders approached with such speed unheralded by the usual anti-aircraft fire that exploding bombs were the first indication in many parts of the city that a raid was in progress.

Streets were jammed with crowds which had no time to take shelter.

Authorities immediately began searches through wrecked buildings for victims.

The raid came at 4 p. m. (10 a. m. E. S. T.). The city returned to normal within a short while. Anti-aircraft squads had time to fire only a few rounds before the raiders made off.

Twenty-Two Killed In Valencia.

VALENCIA, May 12.—(AP)—Twenty-two persons were killed and more than 80 injured in an insurgent air raid on Valencia and its port early today.

More than 100 bombs were dropped on the port and adjacent residential sections from planes flying at a great height.

This raid occurred about 16 hours before an attack on Barcelona in which 47 were killed, but Valencia reports were delayed.

Adoo (D-Calif.) to seek another term.

McAdoo, elected in the 1932 Roosevelt landslide, made public in Los Angeles today a letter from the President saying that his retirement from the senate "would be a distinct loss to the public."

"I do not need to tell you that I have always appreciated the fine support you have given to my administration," Mr. Roosevelt added.

The letter, asking McAdoo to reconsider a desire to leave public life, was dated March 16. Three weeks later, the 74-year-old senator announced he would seek re-nomination.

Denies Knew Whitney Facts.

WASHINGTON, May 12.—(AP)—E. H. H. Simmons, former president of the New York Stock Exchange, denied today that he had information of Richard Whitney's misdeeds of customers' securities before investigations were started in New York.

Simmons told the Securities commission he was "amazed" at testimony given by Randolph Mason, attorney for Whitney, as to a conversation in mid-February concerning Simmons' information.

Navy to Add Islets.

WASHINGTON, May 12.—(AP)—The navy intends to add to its wartime "line of observation" in the Pacific ocean a few more islets near Canton and Enderbury Islands, authoritative persons said today in explanation of bill pending in the house.

Canton and Enderbury now are claimed by both the United States and Great Britain.

An obscure \$25,000 item in a measure which the house naval affairs committee approved yesterday involves purchase by the navy of portions of the tiny Palmyra group, about 1,000 miles south of Honolulu, informed persons said.

The projected acquisition fits into the navy's plans for a half-mile of island warning stations about Hawaii.

Palmyra is a group of 20 or 40 islets enclosing a U-shaped lagoon and aggregating less than a square mile of land surface. They are privately owned by Americans. Naval informants said a small portion of the land area for building and radio equipment would serve military purposes.

At Least Thirty Persons Killed In Barcelona Raid

BARCELONA, May 12.—(AP)—At least 30 persons were killed and forty injured today when insurgent warplanes made a swift raid on the center of this capital government Spain.

The raiders approached with such speed unheralded by the usual anti-aircraft fire that exploding bombs were the first indication in many parts of the city that a raid was in progress.

Streets were jammed with crowds which had no time to take shelter.

Authorities immediately began searches through wrecked buildings for victims.

The raid came at 4 p. m. (10 a. m. E. S. T.). The city returned to normal within a short while. Anti-aircraft squads had time to fire only a few rounds before the raiders made off.

Twenty-Two Killed In Valencia.

VALENCIA, May 12.—(AP)—Twenty-two persons were killed and more than 80 injured in an insurgent air raid on Valencia and its port early today.

More than 100 bombs were dropped on the port and adjacent residential sections from planes flying at a great height.

This raid occurred about 16 hours before an attack on Barcelona in which 47 were killed, but Valencia reports were delayed.

Adoo (D-Calif.) to seek another term.

McAdoo, elected in the 1932 Roosevelt landslide, made public in Los Angeles today a letter from the President saying that his retirement from the senate "would be a distinct loss to the public."

"I do not need to tell you that I have always appreciated the fine support you have given to my administration," Mr. Roosevelt added.

The letter, asking McAdoo to reconsider a desire to leave public life, was dated March 16. Three weeks later, the 74-year-old senator announced he would seek re-nomination.

Denies Knew Whitney Facts.

WASHINGTON, May 12.—(AP)—E. H. H. Simmons, former president of the New York Stock Exchange, denied today that he had information of Richard Whitney's misdeeds of customers' securities before investigations were started in New York.

Simmons told the Securities commission he was "amazed" at testimony given by Randolph Mason, attorney for Whitney, as to a conversation in mid-February concerning Simmons' information.

Navy to Add Islets.

WASHINGTON, May 12.—(AP)—The navy intends to add to its wartime "line of observation" in the Pacific ocean a few more islets near Canton and Enderbury Islands, authoritative persons said today in explanation of bill pending in the house.

Canton and Enderbury now are claimed by both the United States and Great Britain.

Famous Magician Coming to Palace Theatre

The Great Lester will appear on the stage at the Palace theatre Friday and Saturday. He is said to have a list of mystifying tricks, but the best is one in which he saws a girl in half.

HELIUM

(Continued From Page One)

lumn," the veteran president of the Zeppelin Manufacturing plant said in an interview.

He explained he felt "disappointed and astonished" by the continued refusal of Secretary of Interior Ickes to consent to sale of the non-inflammable gas.

"It is said," he said, "that we are held up by the military opinion of one cabinet officer, when the American military authorities have indicated they fear no military developments from the sale."

Ickes is a member of the board of six cabinet officers who must agree to the sale of any helium to foreign powers. This country has a natural monopoly of the gas.

No date has been set for a possible further meeting of the board, which has the power to decide whether to permit shipments. A unanimous decision is required, and Secretary Ickes has changing his attitude.

Eckener, seated in an easy chair at the German embassy, said the decision might be the "death stroke" to the experiment in lighter-than-air transportation. He insisted that Germany would derive "no military use whatsoever" from helium.

To Continue Developments.

The six-foot, heavily-built father of Transatlantic dirigible travel said he expected to continue zeppelin developments at least another year.

"Maybe something will change by then," he added, pulling at the tuft of white hair on his head.

The demand for helium to inflate the giant airships was spurred by the explosion at Lakehurst N. J., last year of the zeppelin Hindenburg, in which 36 persons were killed.

The Hindenburg was built in Germany to replace the Graf Zeppelin, which, using inflammable hydrogen, had made 80 round trips across the Atlantic. The Graf Zeppelin has discontinued passenger flights.

Will Not See Roosevelt.

Eckener said he would not ask to see President Roosevelt because there was "no particular use" in view of Secretary Ickes' decision.

President Roosevelt meanwhile

DOCTORS

(Continued From Page One)

Henry Cohen, Galveston, third vice president.

Mrs. F. F. Kirby of Waco was installed as president of the Women's Auxiliary to the State Association at the closing session of the organization's meeting yesterday. Mrs. Kirby invited the executive board to meet in Waco for its next session.

Officers Elected.

GALVESTON, May 12.—(AP)—San Antonio was selected as the next convention city and Dr. L. H. Reeves of Fort Worth was named president-elect at final sessions of the 72nd annual convention of the State Medical Association of Texas here today.

Dr. E. W. Berther of Houston was installed as president. Dr. Reeves will take office next year. Dr. C. C. Hannah of Dallas is the retiring president.

Other officers elected were: Dr. Louis B. Holland of Wichita Falls, Dr. J. W. Ward of Greenville, and Dr. Fred Shields of Victoria, vice presidents; Dr. Holman Taylor of Fort Worth was re-elected secretary, and Dr. K. H. Beall of Fort Worth, treasurer.

Dr. John W. Burns of Cuero was re-elected to the board of trustees. Dr. Truman Terrell of Fort Worth was elected to fill the unexpired term of Dr. Reeves on the board of councilors.

kept a hands-off attitude. White House aides said he was powerless to interfere under the law passed last September.

Chairman Sheppard (D-Tex) of the senate military affairs committee expressed opposition to any move to liberalize the law and proposed instead that the government subsidize construction of commercial dirigibles.

Construction of a 5,000,000 dirigible is authorized in the naval expansion bill, and Sheppard said he thought that project would furnish an accurate index on the cost of commercial airships. The compromise naval legislation was before the senate today after its approval by the house.

HEATH OFFICER OF TEXAS WARNS ABOUT RATTLESNAKE BITE

AUSTIN, May 12.—(Spl.)—Dr. Geo. W. Cox, state health officer, urges everyone to be careful to prevent snake bites when in the country. In Texas the chief offender is the rattlesnake, and contrary to common belief, it does not always rattle before it strikes.

About seventy-five per cent of all bites occur on the lower extremities and could be prevented, to a large extent, by wearing high top boots or leggings. About twenty per cent occur on the hands and arms. Care should be exercised in not putting the hands in invisible places when climbing rocks, and to look before picking up anything that may be obscured by vegetation, brush or rocks.

If one is bitten, prompt action is necessary and a physician should be obtained as soon as possible. No time should be lost in removing the poison by suction; this can be done by a suction cup. First, a tourniquet should be applied above the wound, so as to increase congestion and assist in washing out the poison. A cross cut incision with a sharp, clean knife or razor blade should be made over each fang mark, or preferably to connect the two fang punctures. These cuts should be at least a quarter of an inch deep and at least that long. Suction should be applied for at least a half hour. The tourniquet should be released every ten or fifteen minutes for a minute at a time.

If bitten by a snake, do not run or get overheated; do not take alcohol stimulants; do not use potassium permanganate (which is now known to be of no value as an antidote) to cauterize the wound; and do not depend on home remedies.

Cream Supper

Ice Cream Supper Friday night, May 13, Powell School House. All candidates invited. Sponsored by seniors.

LEON (Himself)
"The Big Shot in the GOOD YEAR Tire Racket"

This Fish Didn't Exactly Get Away But It Was Gone

E. L. Travis holds a responsible position in the mechanical department of the Corsicana Daily Sun. He is a young man of even disposition and many excellent qualities but he has one failing—he is an enthusiastic fisherman—that is, he goes fishing, but he never catches any fish—according to his brother, E. Travis.

Yesterday—as usual on his day off—he hid himself to his favorite fishing location, and wonder of wonders, he actually caught a fish. It was a fish of large proportions and really something for even a successful fisherman to be proud of.

With due ceremony and respect E. L. placed his captive on a string in what he considered a secure place, and with hopes high and renewed desire for even bigger and better fish, returned to the arduous labor of baiting a hook and waiting.

Finally the day ended and the tired follower of Isaac Walton called it time to quit, packed his equipment and went to retrieve the monster of the deep. With visions of a fish supper, and the anticipation of being able to tell the gang at the office, "I told you so," E. L. hauled in the string, and horror of horrors, there was nothing left but two big eyes and a mouth. A snake or a turtle had beat the erstwhile fisherman to the big fish—and that's the hard luck story of a hard luck printer on his day off.

News of County Home Demonstration Clubs

Rice 4-H Club.
Miss Rettiger met with the Rice 4-H club girls Friday, May 6, and gave a jelly demonstration. We met in the home of Mrs. J. N. Hawkins, and after our business meeting Miss Rettiger gave us a demonstration on how to make jelly. She showed us that in order to make a fruit jelly which sets successfully at least three substances must be present in the right proportions: pectin, which holds the cells in a form, acid, and sugar. The jelly should be strained through a colander or a clean flannel cloth—should not be forced through but allowed to drip through slowly to remove all seeds, skins, or other things present. One should be careful in the selection of their fruit. Select a mixture of slightly underripe and ripe fruit. The slightly underripe fruit contains more acid and pectin, and the ripe fruit furnishes a more desirable flavor. Our club girls will begin making jelly soon.

Our next meeting will be Wednesday, May 11 at 3:40 at the school building.

Club Reporter.

NAVARRO COUNTY HAS 10,818 ACRES LAND UNRENDERED

HENDERSON COUNTY HEADS LIST WITH NEAR 200,000 ACRES UNRENDERED

WACO, May 12.—(Spl.)—The State-wide Tax Survey, a WPA project sponsored by the State Tax Board, will be completed by May 26, 1938. At the present time the survey in District No. 8 has been completed in ten counties; namely, Henderson, Navarro, Comanche, Lampasas, Mills, Hamilton, Johnson, McLennan, Madison, and Freestone counties.

Speaking in behalf of the sponsor and those who have made this survey, W. R. Hall, Commissioner of the State Tax Board, said that the survey is a cooperative project of the county officials throughout the life of the project.

The objectives of the survey have been as follows: (1) the discovery of untaxed lands; (2) the elimination of "unrendered lands" and (3) establishing a basis for equitable valuations. The survey has at all times been under the supervision of an expert on tax matters and the various counties have been given the advantage of the findings of this survey; it is believed that if the work which has been done will be followed up by the local officials, great good will come to the counties by reason of this survey.

The results of the survey just completed in the above named counties shows 360,153.21 unrendered acres and 49,527.98 acres on which were found double or over renditions, which figures are broken down below according to the counties from which they were obtained:

County	Unrendered Acres	Double or Over Renditions Acres
Henderson	195,953.15	4,015.06
Navarro	10,818.80	9,372.25
Comanche	38,341.70	4,459.82
Lampasas	15,948.26	6,842.56
Mills	15,778.00	2,195.14
Hamilton	2,142.91	2,488.74
Johnson	9,258.65	7,636.46
McLennan	2,159.67	1,980.26
Madison	7,150.27	5,733.89
Freestone	7,704.70	4,814.10
Total	360,153.21	49,527.98

NORTH SIDE BAPTIST CHURCH CLOSES ITS GREATEST REVIVAL

Last evening marked the ending of the revival meeting at the North Side Baptist church under the direction of Evangelist S. R. Goff of Hallsville, Texas.

A capacity crowd was in attendance and experienced a high hour in the final service. There were nine additions to the church as a result of this service making a total of 92 additions for the meeting. The church was greatly revived, and the entire community was revolutionized. There were 52 candidates baptized into the church at the close of the service.

Evangelist Goff won his way into the hearts of the people and made many friends while here, and he will always find a welcome to Corsicana. Reporter.

Boys of Tupelo League to Offer Program Sunday

The boys of the Tupelo league will present the program Sunday night, May 15. A. D. McMullan, Jr., is the leader. The subject is "Finding My Work."

Instrumental Prelude, Tommy Wheeler, violin and Richard Burdine, guitar.

Scripture: Matt 25: 14-30, A. D. McMullan.

Lord's Prayer in unison, led by Richard Burdine.

Instrumental Selection—Tommy Wheeler, and Richard Burdine.

Talk: "Finding My Work," by Alec Lockhart; "My Work Today," Robert McMullan; "What Shall I Consider in Choosing My Work," Scott Bowden.

Instrumental Selection—Tommy Wheeler, and Richard Burdine.

Benediction, J. E. Blackwell.

Last Sunday was a big day in our church. R. C. McMullan conducted the Sunday school in the absence of the superintendent and Mrs. R. M. Bowden presented the Mothers' Day program immediately following the Sunday school hour. Mr. P. M. Humphrey, our 88 year old member made a talk. There was an unusually large attendance at this service.

There was also a record breaking attendance at League Sunday night and the young married people gave a very fine program. Richard Burdine conducted a short business session and then the group enjoyed a sing-song. We extend a very cordial invitation to all to be back with us Sunday night.

The Woman's Missionary Society, held a cake sale at Shipp and Bunch's grocery Saturday and the proceeds are to be applied to the benevolent fund. The Tupelo society met in joint session with the Chatfield Society at Chatfield Monday afternoon. There were twelve present from Tupelo.

Come out Sunday night and be entertained by our young men. —Reporter.

FUNERAL SERVICES HERE ON FRIDAY FOR MRS. ALISTER WILLS

Funeral services for Mrs. Elizabeth Smith Wills, aged 59 years, who died at her home in Monroe, La., early Wednesday, were held Thursday in Monroe. Another service will be held from the home of her brother, Wade Smith, 1529 West Fourth avenue, Friday morning at 10 o'clock with interment in Oakwood cemetery. The rites here will be conducted by Rev. W. R. Hall, pastor of the First Presbyterian church.

Surviving are her husband, Alister Wills, Monroe; a daughter, Mrs. Leon Carroll, Tyler; three sisters, Mrs. Herbert Ferguson, Wichita Falls, and Mrs. Mark McMullen and Mrs. Ben F. Guyones, both of Waco; two brothers, Wade Smith and Tracy Smith, both of Corsicana, and other relatives.

Sutherland-McCammon Funeral Home is in charge of arrangements here.

NEW WOODBINE TEST BEEN LOCATED EAST NAVARRO DISTRICT

KERENS, May 12.—(Spl.)—J. O. and A. M. Griffith of Fort Worth today staked location for a Woodbine test on the northwest corner of the A. Parsons survey, in the R. C. Haynes 111-acre tract about four miles northeast of Kerens. McElwath and Suggett, and possibly other Fort Worth operators, are supposed to be interested in the test. The area has been carefully worked and checked geologically, and the test should prove very interesting.

Considerable lease and royalty trading has already been done in the vicinity with very few well located leases remaining in the hands of the landowners. The block taken by Griffith Brothers, consists of about 2500 acres located on the R. D. Newman, J. W. Moore, A. Parsons, John Woodten, H. H. Horn and H. Bush surveys.

THE LOST MARKET

There used to be a curious notion that here was only so much work to do in the country, or in any part of it. We are getting beyond such primitive thinking. Most of us know by this time that work makes work, because workers as they earn money buy more things made by each other, so that jobs spread.

A little thought along this line suggests that "getting people back to work" isn't just a job for big employers, bankers and statesmen. It's a job for everybody. Henry Ford put the matter clearly the other day in Boston.

"What's to start the wheels of the industrial machine?" he said. "People! Just ordinary people. It isn't the money spent that counts. It's the people put back to work. Don't think of people out of work as 'the unemployed.' Think of them as a lost market. Of course you can't sell shoes or clothing or radios or an automobile or anything else, short of the bare necessities, to a man out of work."

If everybody in New England would just start painting up the buildings that need it, buying paint and hiring painters, suggested Mr. Ford, the impetus to that effort alone might overcome the depression. Spring is a good time to apply the idea anywhere—the painting, and the other things that naturally go with it.

SCHOLARS FOR WALL STREET

An interesting sequel of the downfall of Richard Whitney, former head of the New York Stock Exchange, is the quest for a suitable man to serve as paid president. Prominently mentioned for that post is Robert M. Hutchins, aged 39, who won fame as a precocious college student and for some years has been president of the University of Chicago. He is rated as one of the most brilliant and best educated men in America.

It seems unlikely that Mr. Hutchins would be interested in a job of that sort. Primarily a student and scholar, he cares more for mental than material wealth. He would probably be bored by the Wall Street crowd and suffocated in the Stock Exchange atmosphere.

Yet it is impressive that the Wall Streeters should consider such a man for such a post. They seem to realize the need of a Stock Exchange "front" who will be not only able but above suspicion and without entangling financial connections. The job would become purely professional, almost pastoral. And that would probably be a good thing.

Wall Street could profit by a period of academic purity, under a man who not only played a square game himself but wouldn't let anybody else get away with anything off color. There should be a Stock Exchange President who doesn't speculate—on the old principle that a bartender shouldn't drink.

Says Thomas Mann, the great German author: "The idea of liberty, which some time ago was out of fashion, has gained new youth and freshness and, in general, its price has gone up."

Life has been just one blamed thing after another for so long—when do we all get a breathing spell?

The Japanese find that the Chinese dragon is the real thing.

JUST FOLKS

(Copyright, 1937, Edgar A. Guest)

WORKMAN AT LUNCH

He sat at noon beneath a tree
And lunched on jam and bread.

"For sixty minutes I am free
From all that frets," he said.
"For sixty minutes over me
God's canopy is spread."

The music that is furnished here
Is neither jazz nor swing.
In this untainted atmosphere
I get the real thing.

The solo numbers, silver clear,
A cardinal will sing.

Here in this air-conditioned place
The wind is sweet as wine;
The stage is hung with lovely
Inches of lace.

Through which the sunbeams
shine
And for this hour of rest and
grace
A front row seat is mine.

TREASON IN CZECHO-SLOVAKIA

The Nazi meddling in Czechoslovakia is more raving and unjustified than it was in Austria. The Austrians, mostly favored union with Germany, though not necessarily wanting complete absorption with loss of their own identity. They were nearly all Germans. It was the manner rather than the principle of the Anschluss that was objectionable. Hitler rushed an army in and took the country by force, when he might have had it by courteous and lawful procedure.

In Czechoslovakia, on the other hand, the Germans are only about one-fifth of the population. And only about half of them belong to the Sudeten party which insists on union with Germany. Even with the other groups favorable to Germany, it seems unlikely that more than 20 per cent of the people favor annexation. The rest are patriots, standing firm with President Eduard Benes against the disloyal activities of Konrad Henlein.

The latter, although speaking for Germans whose ancestors presumably settled in Czechoslovakian territory of their own free will, is obsessed by the Hitler doctrines and methods. He and his followers defy their own government, make extravagant demands at Prague, and try to persuade all the world that they are wronged and persecuted, although they have had equal rights with the other racial groups. If all Czechoslovakia will not surrender, they themselves insist on seceding.

Hitler, as is well known, wants the whole country. If he succeeds, it will be another and bigger step toward enslavement of Central Europe and general disruption of the Continent.

MORE STEEL CAPACITY

Steel, the greatest industrial requirement of this age, seems to be fast-or-famine business. Last August it was breaking all records for production and employment, with 603,000 men on its payrolls. Lately it has been down to one-third of that volume or less.

Natural fluctuation is increased by the rapidly growing production of thin steel sheets for automobiles, bodies, refrigerators and so on. The most spectacular development has been the huge automatic strip mills, operated by electric power and needing only a few men to push levers and keep an eye on the rushing sheets. There are now 27 such mills in the country and more are planned. With the addition of a new mill near Pittsburgh, they will have a yearly capacity for 13,000,000 tons of wide strips and sheets.

Rolling mills of the usual type have been increasing, too, with the furnaces to feed them. With the mounting capacity, many steel men fear that ordinarily it will be possible to take care of the demand with the mills working only about half the time. There is such an accumulated deficit of steel construction, though, that if a real boom developed, the industry might run wide open for two or three years.

There's still quite an argument about whether high prices or low prices bring the more abundant life. It seems to depend on whether you're buying or selling.

Another menace to traffic safety is the cross-eyed driver who points left and turns right.

WAR BABIES

RESTORED RELIC.

Mayor MacLaren of St. John, Nova Scotia, is a generous gentleman. He has long had in his possession the quadrat used by John Paul Jones, first sea-fighter to fly the Stars and Stripes at the masthead of his ship. MacLaren's father was given the quadrat by a great-nephew of the Revolutionary hero. The mayor now offered to give it to the United States and will take it to Washington himself and present it to President Roosevelt. After that the quadrat will be kept at the Naval Academy at Annapolis.

According to the story the relic was first offered to this country when the body of John Paul Jones was brought to the United States from Paris. At that time the Smithsonian Institute sent out a call for relics of the great admiral. MacLaren's father at once wrote to President Theodore Roosevelt offering the quadrat. The letter never got past a thoughtless secretary who wrote a curt reply that offended the Canadian.

The present offer has worked out differently. It becomes an international incident of good will in which one neighbor does a gracious thing for another and is graciously thanked.

"La Guardia Predicts Farm-Labor Alignment." Since oil and water are not supposed to mix, it would have to be a political emulsion.

Some Daughters of the American Revolution don't like that word "revolution," maybe it could be changed to "reorganization."

Congressmen think they have a tough time legislating for the depression; but they asked for it. Not for the depression, but the job.

County Officers Seeking Hit And Run Auto Driver

County authorities Tuesday were continuing investigations into the death of Charles Lee Hollingsworth, aged 21 years, Saturday night from injuries allegedly received when he was struck by a hit-and-run motorist near Blooming Grove Friday morning.

Two men had been arrested for investigation into the matter, but are reported to have been released from custody Tuesday morning. No charges were filed.

Hollingsworth had been to Houston seeking employment and was en route to his home at Blooming Grove at the time of his injuries. Both legs were fractured twice and other injuries were sustained. His death was the tenth highway fatality in Navarro county since January 1.

Funeral rites were held at Blooming Grove Sunday afternoon.

Surviving are his parents, Mr. and Mrs. Charles Hollingsworth, Blooming Grove.

OFFICERS BATTERY D ARE GIVING MEN SPECIAL TRAINING

The annual federal inspection successfully passed, local officers of Battery D are giving full attention to whipping the unit into shape for the important summer maneuvers to be held at Camp Bullis near San Antonio in August by giving the men intensive training in communications, map reading and making, training in use of instruments, and other information that will be needed and used during the war games.

Additional men are being recruited and trained in order that a full strength, well trained organization can be carried to camp and all problems can be solved effectively and quickly. Four men have just been enlisted, Victor Watts, Curtis G. Wood, Duane Prince and Clovis Hunter. Only seven vacancies are now available and local officers wish to fill these as soon as possible so as to give the new men as much training as possible.

To enlist in the National Guard, men must be 18 years old and of good moral qualifications. They also must be able to attend drill camp, well trained organization and go on the summer encampment in August. Battery D drills each Tuesday night from 8:30 until 9:30. Members receive pay according to rank. Privates

Courthouse News

District Court.

The trial of Jim Garrison on a murder indictment was in progress in the district court Tuesday. He is being tried in connection with the fatal shooting of Aube Washburn, near Wildcat Ferry, Dec. 24, 1934. The defendant entered a plea of not guilty when arraigned on the indictment Monday afternoon.

Garrison was convicted and given ten years on a previous trial but the verdict was set aside when the Court of Criminal Appeals reversed and remanded the case.

The jury trying the case is composed of T. H. Bowden, Rice; W. S. Harlan, Richland; Rush Green, Rice; J. H. Magness, Wortham; J. R. Garner, Chatfield; J. R. Shuman, Purdon; F. P. Blair, Chatfield; Will M. Burns, Purdon; H. D. Fall, Dawson; Frank Seeley, Emhouse; Jim B. Collins, Emhouse; S. H. Allen, Emhouse.

The defense and state exercised 10 challenges each while five were excused for cause.

C. F. Ray of Austin, formerly an undertaker at Kerens, was the only witness used Monday afternoon after the jury was completed.

Witnesses testifying Tuesday morning were Bert Washburn, brother of the deceased; Mrs. White West, Andrews, Texas, formerly of Rural Shade.

The prosecution is being handled by Cleo G. Miller, criminal district attorney, and J. C. Jacobs, assistant. Mays and Mays are representing Garrison.

Probate Court.

A hearing on motions in the contested Hoffstetter will case was held in the probate court Tuesday before County Judge Paul H. Miller. The case is set on its merits for Tuesday, May 17.

Scores of relatives of the late Mrs. Bessie I. Hoffstetter are seeking to set aside the will leaving the estate appraised in excess of \$500,000 to a charity fund with the First National Bank of Corsicana, Texas, in charge.

County Court.

The following have been summoned as petit jurors for the third week of the May term of the county court for the week beginning Monday, May 16:

Rufus Massey, Roane; J. B. Jones, Corsicana; Cullen Dunn, Corsicana; Major Davis, Dawson; Earl McDaniel, Richland; Luther Ward, Jester, Loyd Sanda, Chatfield; John Szesal, Mildred; J. C. Hollingsworth, Forst; Chas. C. Cherry, Jr., Kerens; H. A. Qualte, Kerens; W. P. Burkhalter, Chatfield; S. P. Story, Corsicana; W. B. Middlebrook, Navarro; C. F. Howard, Dawson.

Warranty Deeds.
Ruby Abbe, et al., to R. C. Jenkins, 5.59 acres of the John Duncan survey, \$10 and other considerations.

Rufus D. Shell to Israel Lang, lot 8, block 43, H. and T. C. R. Co. Addition, Corsicana, \$750.

R. C. Jenkins, et ux, to Mrs. Ruby Stringer Abbe, 11-60ths interest in 67-1-2 acres of the John Duncan survey, \$10 and other considerations.

Mrs. Lillie S. Love, et al., to W. L. Stovall, a lot 120x150 feet in the Peter Summerville survey, \$300 and other considerations.

Royalty Contract.
Leo Boatwright, et ux, to W. D. Lewis, 1-32nd interest in 80 acres of the John Wooten survey, \$400.

Justice Court.
Two were fined on drunkenness charges by Judge A. E. Foster.

Malon Sparks, negro, was arrested Monday afternoon by Constable Oscar Renfrow and was charged by complaint with carrying a place. The case was transferred to the county court by Judge Foster following an examining trial. Bond was set at \$250.

1932 Champions
Be Present Here
Hillsboro Game

Members of the 1932 Corsicana Tiger football team, the only Corsicana champion in the University of Texas Interscholastic league history, will meet again on the night of Oct. 6, in a reunion party and the following night, will attend the first home district contest of the 1938 Tigers against the Hillsboro Eagles.

The champions will sit on the sidelines with the squad on that occasion. It was stated, at the Bengal open their home district schedule. Several games will have been played prior to that game, but the Hillsboro game formerly was the first conference game played each year. Hillsboro was the first foe of the Bengals the years the members of the 1932 squad were playing.

Construction Of
Fair Buildings
Will Start Soon

Directors of the Corsicana Livestock and Agricultural Show tentatively agreed on designs and sizes of the two original units of the permanent fair plant at a meeting held Tuesday morning and are scheduled to make a final decision on Thursday with hopes a contract can be awarded within the next week or so.

Arrangements of various units on the 60-acre site as planned by Blanding & Horn, architects, and by a committee headed by A. F. Mitchell, were inspected by board members both on paper and on the grounds. According to the tentative plan, the livestock building will be 60x200 feet in size, and the agricultural building 60x150 feet and suitably finished and equipped for use the year round.

R. W. Knight, chamber of commerce official, was named fair manager at the meeting of the board Tuesday.

Completes Mortuary Course.
Richard E. Bonner has recently completed a post-graduate course in the Landis College of Mortuary Science in Houston, according to official announcement from the school. He is associated with the firm of L. B. Bonner & Sons at Eureka.

CROWLEY SUGGESTS
BARRING OF CHAIN
STORES FROM STATE

DALLAS, May 10.—(AP)—Karl A. Crowley, candidate for governor of Texas, recommended a constitutional amendment today to keep chain stores out of the state.

Crowley, in an address prepared for delivery before the United States wholesalers grocers association, in convention here, said such an amendment should prohibit foreign corporations or owners from operating chain stores in Texas selling food, drugs or clothing at retail prices.

Present managers of these stores should buy the establishments, Crowley suggested, thus destroying the highly-centralized buying power of the chain groups. "We must end the concentration of buying power in the hands of the few who, in turn, allow these few to control prices on many commodities rather than the economic law of supply and demand," Crowley said.

Crowley was one of several speakers before the association, including two other candidates for governor, Col. E. O. Thompson and William McCraw. Congressman Wright Patman also was to speak.

County-Wide 4-H
Clubs Rally Will
Be Held Saturday

A county-wide 4-H club rally, both boys and girls, is scheduled at the Corsicana Y. M. C. A. Saturday, Miss Clara E. Rettger, county home demonstration agent, announced Tuesday.

The program will be held during the morning, starting at 9:30 o'clock, while swimming and other recreational features will be given during the afternoon.

When You Feel Sluggish (Constipated)
Take a dose or two of Black-Draught. Feel fresh for a good day's work.

Work seems easier, life pleasanter, when you are really free from the bad feelings and dullness often attending constipation.

For nearly a century, Black-Draught has helped to bring prompt, refreshing relief from constipation. Thousands of men and women rely on it.

BLACK-DRAUGHT
A GOOD LAXATIVE

For
Fathers
Only

Like most other thoughtful men, you have probably said to yourself: "What can I do to make sure that my family will never be in need, if anything happens to me?"

And perhaps you have already discovered that one of the best answers to that question is --- life insurance.

In short, many a father will tell you that it's a pretty grand thing—the way life insurance can help even the man of moderate means to achieve security --- not only for those he loves, but for himself, too!

Your life insurance agent will be glad to help you work out a plan suited to your specific needs. See him—now.

DO NOT TREAT YOURSELF WITH "HEARSAY"

Neighbors and friends are priceless possessions, and should be so regarded—but when it comes to treating yourself in case of illness, the advice of a neighbor or friend is not the safest plan. They mean well, of course, and simple little ailments and accidents about the house can often be treated safely with home remedies from the medicine chest.

**Better to be Safe
Than Sorry**

However, when there is anything the matter with you, to experiment with yourself or treat your case with "hearsay" is very expensive and dangerous.

There are many underlying causes for outward symptoms, discernable only to a Physician, after careful examination and analysis. Disease detected and treated in its first stages is so much easier to cure, and is less expensive to you physically and financially. Don't experiment on yourself!

THIS IS NO. 12 OF A SERIES "TELLING THE PUBLIC ABOUT THE DOCTOR"

LENDING-SPENDING PROGRAM ATTACKED BY GOP MEMBERS

DECLARED ADMINISTRATION PLAN IS THREAT TO THE NATION'S SOLVENCY

WASHINGTON, May 11.—(AP)—Republicans attacked the administration's lending-spending program as a "threat to national solvency" today while a democrat declared it was "much better" than any previous relief measure.

The republican attack centered around an appropriations committee minority report written by Representatives Taber and Bacon of Massachusetts. The report distributed to the press by the Republican national committee referred to current business conditions as a "Roosevelt depression."

Representative Maverick (D-Tex.), replying on the house floor, said such criticism "doesn't solve any of the economic ills of the United States." He charged the critics with having no program of their own.

WASHINGTON, May 11.—(AP)—A storm of bipartisan criticism broke in the house today over a provision in the \$3,000,000,000 pump-priming bill which some members said attempts to inveigle states and municipalities into breaking their own debt laws.

The section would authorize federal loans for public works projects to public agencies at interest in debt up to legal limits. These agencies then would pay back to the government 55 per cent of the cost of the projects, with interest in 25 years.

Opponents singled out that provision for specific criticism after republican house members issued a statement denouncing the entire bill. They termed it "another new deal political raid on the treasury" that promised to increase next year's deficit to \$5,000,000,000.

Supporters of the public works lending proposal said it was the only means by which some cities and states could participate in the new program.

Representative (D-N. C.), who led an unsuccessful attempt to delete it during consideration by the appropriations committee, asserted:

"I don't think the federal government ought to tempt local officials to avoid and evade existing statutes in order to secure public works projects."

House leaders held off debate on the bill long enough to ask

Send your order to The Corsicana Daily Sun Pattern Dept., 243 W. 17th St., New York, N. Y.

approval of the compromise tax revision bill, to which the senate already has agreed.

Many Texas Projects Received Approval

WASHINGTON, May 11.—(AP)—The Works Progress administration advised members of the Texas congressional delegation President Roosevelt had approved and referred to the comptroller general allotments totaling \$380,514 for the operation at sewing rooms in 23 Texas counties.

The counties were Fayette, Hockley, Nacogdoches, Terry, Jones, Collin, Dawson, Dickens, Rockwall, Floyd, Cooke, Kaufman, Crosby, Chambers, Arthur, Fannin, Wichita, Comanche, Goliad, Fisher, Shackelford, Val Verde, and Comal.

Quotas approved by the President included: Van Zandt county, canning food-stuffs for relief distribution, \$42,528; Tarrant county, improve Lake Worth Metropolitan Park, \$44,806; Eastland, improve streets, \$200,224; Leon county, improve roads \$45,856.

Mackay Charges RCA With Radio Monopoly

WASHINGTON, May 11.—(AP)—The Mackay Radio and Telegraph company told congress today immediate legislation was necessary to prevent its being eliminated as a competitor in the foreign radio communication field.

Howard L. Kern, Mackay general counsel, testifying at senate commerce committee hearings, urged enactment of legislation which would declare competition in foreign radio communication to be "in the public interest."

He said R.C.A. Communications, Inc., held a "monopolistic position" in the foreign communications field which Mackay could not invade without a patent from congress on the communications commission.

San Jacinto Survey Ordered. WASHINGTON, May 11.—(AP)—Major General Julian L. Sicely, chief of army engineers, directed today detailed surveys be made of proposed flood control works on the San Jacinto river and tributaries in Texas.

Republicans Attack Program. WASHINGTON, May 11.—(AP)—Three Republican members of the house appropriations committee attacked the administration's lending-spending program today as a "threat to national solvency."

They also called current business conditions a "Roosevelt depression."

The attack was embodied in a minority report written by Representatives Taber and Bacon of Massachusetts. The report was distributed to the press by the Republican national committee.

The minority proposed a 12-point program calling, among other things, for a congressional investigation of the Works Progress Administration, local-federal bipartisan administration of relief, and sweeping changes and revisions in much of the Roosevelt administration's economic program.

Students Plan Demonstration. PRINCETON, N. J., May 11.—(AP)—Princeton University students, campus tomorrow night against planning a demonstration on the Mayor Frank Hague of Jersey City, said today they had requested a permit to hold their meeting in the mayor's own town.

John Van Ness Jr., president of the Whig-Clio debating society which is sponsoring the rally, said the decision to try to transfer the scene to Jersey City was made at the suggestion of Senator William E. Borah (R-Idaho).

Norman Thomas, socialist leader who was ejected by police in a recent attempt to speak in Jersey City, has accepted an invitation to address the Princeton meeting.

WASHINGTON, May 11.—(AP)—The senate civil liberties committee has received "hundreds of requests" to investigate the New Jersey political organization headed by Mayor Frank Hague of Jersey City, Senator Thomas (D-Utah) said today.

Thomas, a committee member, said requests have come from widely scattered sections of the country and even from Jersey City.

The committee would have to determine whether it has authority to inquire into activities of a municipal government and also obtain additional funds, the senator said, before it could consider such an investigation.

President Roosevelt, asked at a press conference yesterday about allegations that free speech at free assembly were being curbed in Jersey City, termed it a local police matter. He said the federal government could do nothing about it.

Representative O'Connell (D-Mont.) who asked the president to seek Hague's resignation as a Democratic national committee member, has urged an investigation by the Lafayette civil liberties committee.

PYTHIANS ELECTED OFFICERS; WACO WAS CHOSEN 1939 MEET

KNIGHTS OF PYTHIAS AND PYTHIAN SISTERS IN GRAND LODGE SESSIONS

HOUSTON, May 11.—(AP)—Knights of Pythias of the Grand Lodge of Texas and Pythian Sisters elected officers today and chose Waco for the 1939 convention city as their annual business sessions neared a close.

Weylon C. Frasier of Waco was elected grand chancellor by the knights. He served during the past year as vice chancellor. Mrs. Jeannette Hensley of Santa Anna was named grand chief of the Pythian Sisters in separate session.

Other grand officers elected by the knights were: Frank E. Smith, Abilene, grand vice chancellor; E. Fred Meek, Tyler, grand scribe; Theo Yarbrough, Weatherford, grand "keeper of records and seals"; G. A. Tomlinson, Fort Worth, grand master of exchequer; Bryan B. Beck, Corpus Christi, grand master at arms; G. H. Ater, Lubbock, grand inner guard; T. C. North, Waxahachie, grand outer guard; and W. T. Bradberry, Cleburne, Pythian home director to serve for three years.

The grand temple of the Pythian Sisters elected officers as follows:

Mrs. Mittie Phillips, Tyler, grand senior chief; Mrs. Frances Rader, Abilene, grand junior; Mrs. Erko Ferrell, Beaumont, grand manager; Mrs. Polly Gage, Freeport, grand mistress of records and correspondence; Mrs. Nell Archbell, Marshall, grand mistress of finance; Mrs. Lella Schaff, Seguin, grand protector; Mrs. Maude Sneed, Fort Worth, grand guardian; Mrs. Mabel Cavender, Houston, state press correspondent; Mrs. Bable Brown, Houston, Mrs. Elsie Moore, Port Arthur and Mrs. Paul Ludwig, Palestine, were elected trustees; Mrs. Sue Wellman, Beaumont, Mrs. Lulu Johnson, Santa Anna, and Mrs. Fannie Gordon, Dallas, were named to the state Pythian Home board.

Mrs. Frieda Buehring of Cuero won for the second time the Ada Belle Ion medal for proficiency in the secret work of the Pythian Sisters. She now retains the cup permanently.

Invitation to hold the next joint convention in Waco was extended by George V. Jones, mayor of the city. The ballot was close, however, with Waco winning by a close second after its mayor, John Miller, gave the invitation.

The convention of both grand lodges close this afternoon with a public installation of Pythian Sisters.

Ex-Students, Notice. All ex-students of the L. O. O. F. Home please get in touch with Mrs. Stella Shaver Price, president of the L. O. O. F. Ex-Students' Club, 2519 Park Row, Corsicana, Texas, telephone 1951-W, by May 16th, 1938. We wish to have a grand home-coming on May 20th.

Recent Powell Bride Honoree of Shower Friday Afternoon

A miscellaneous shower honoring a recent bride, Mrs. J. G. W. Powell, Jr., formerly Miss Margaret McCleary, was given Friday afternoon by Mrs. Loyd Newman in the home of Mrs. H. R. Emerson. As the bride entered the room, Mrs. Emerson softly played "The Wedding March."

The large pink and white bride's book in the form of a wedding bell helped to carry out the chosen color scheme. The record book was presided over by the bride's sister-in-law, Mrs. Ester Ruth McCleary. The signatures of fifty-two guests adorned the pages of the bride's book of memories.

Various contests directed by Mrs. Jack Johnston were the chief diversions of the afternoon. The guests' early training was thoroughly tested and Mrs. Allan Hancock won her place at the head of the group by winning the contest "An Alphabet for Brides."

Decide on a name is sometimes rather difficult but it was no task for Mrs. Ester Ruth McCleary to win first place in "Naming the Bride." The "Bride's Motor Romance" was successfully solved by Mrs. Pat Caven.

At the close of the contests all prizes were presented to the honoree. The climax of the afternoon came when Jackie Beth Johnston, dressed in a white satin bride's gown, accompanied by Charles Arthur McCleary, dressed as the groom, slowly pulled a coaster wagon loaded with gifts across the room and came to a stop before the honoree.

After the gifts had been unwrapped and seen by the guests, the hostess, assisted by Mrs. H. R. Emerson, Mrs. Jack Johnston, Mrs. Johnnie McFadden, Misses Harriet Emerson, Mary Sue Washam and Elizabeth Melton, brought in the plates of refreshments which consisted of strawberry ice cream and cake. The plate favors which were pink and white wedding bells added to the attractiveness of the plate.

Contributed.

WARNING SIGNS AT RAILWAY CROSSINGS ERECTED RECENTLY

Several warning signs have been erected at railroad crossings near Corsicana recently through the co-operation of local firms and under the sponsorship of the Traffic Safety committee of the Corsicana Chamber of Commerce.

The signs are substantially constructed of wood and steel pipe through the co-operation of the city of Corsicana, Lyon-Gruy Lumber Company, and the Magnolia Petroleum Company, and were constructed under the supervision of George Kuykendall, vice-chairman of the committee.

Signs were erected at the crossing of North Benton street and the Burlington-Rock Island Lines, and also on the two roads to the CCC camp and the one around Lake Halbert from Highway 22.

W. E. HARRELL DIED THURSDAY MORNING; BURIAL ON FRIDAY

W. E. Harrell, age 68 years, died at his home 1422 West First avenue early Thursday morning following an illness of over two weeks. Funeral services will be held from the First Baptist church Friday afternoon at 3 o'clock. Rev. Joe E. Glenn will officiate. Burial will be in Post Oak cemetery.

Mr. Harrell was a native of Belle, Tennessee, but came to Texas when a young man and has spent most of the time since in Corsicana and Navarro county. In the early days he was engaged in the mercantile business at Rouse and was a successful farmer. In later years he worked for a number of firms in Corsicana.

Surviving are his wife, three daughters, Mrs. Curry Butler, Corsicana; Miss Jessie Harrell, Corsicana; Miss Dorothy Nell Harrell, Corsicana; four sons, L. E. Harrell, San Antonio; Elmer Harrell, Austin; Odell Harrell, Wichita Falls; Paul Harrell, Corsicana; a sister, Mrs. W. E. Fullerton, Corsicana; a brother, C. H. Harrell, Munday; several grand-children and other relatives.

Funeral services will be at 3 o'clock, E. E. Smith, S. Z. Burke, Ira McAfee, W. H. Johnson, C. E. McWilliams, Rufus Pevehouse and Jack Megarity, honorary pallbearers will be friends of the family.

Corley Funeral Home will direct the funeral arrangements.

Navarro PTA Met In Business Session Tuesday Afternoon

NAVARRO, May 12.—(SPL)—The Navarro Parent-Teacher Association met in a business session May 10, at 2:30 p. m., with eleven members present. The annual reports were given by the officers and chairmen of standing committees that were present.

Superintendent Welmaker gave an account of the carnival money and how spent. It was announced that R. W. Knight of Corsicana Chamber of Commerce will demonstrate a dairy motion picture in the school auditorium the night of May 15. The public is invited.

Mrs. Henderson, the president resigned and Mrs. C. C. Collins was elected president. The teachers and officers were given a rising vote of thanks for services rendered during the year.

Mrs. G. C. Goodwin, district vice-president of Navarro and Henderson counties installed the new officers.

She mentioned that Texas increased its membership 22,196 over the 1936-37 membership total. The unusual increase will place Texas first among the states. The increase may also have the effect of raising Texas from fifth to fourth place among the states as regards total membership.

The following officers were installed: Secretary, Ada Patton; treasurer, Mrs. A. J. Hagler; vice-president, Miss Vinson; president, Mrs. C. C. Collins.

Mrs. C. C. Collins was appointed publicity chairman.

Sick and Convalescent. Mr. and Mrs. Louis Territt are the parents of a baby daughter born last night at the P. and S. Hospital.

Leroy Stewart of Angus underwent a minor operation Thursday morning at the P. and S. Hospital.

ROAD BONDS CALLED FOR PAYMENT; COURT ASKED AID GUARDS

REQUEST FOR \$50 MONTHLY FOR FEDERAL EMPLOYMENT OFFICE TURNED DOWN

Authorization of the call for \$18,000 road district bonds due July 10 was made at the meeting of the commissioners' court Monday afternoon. The members of the court took the oath as members of the board of equalization. The equalization work, however, will not be done until after the tax rolls have been completed later in the year.

Claims were allowed except as noted on the claim docket.

The request for \$50 per month from July 1, 1938, to June 30, 1939, for the Federal Employment service office here as presented by Mr. Winn, in charge of the office, was disallowed after considerable discussion. This request had been presented Monday morning and also last night. On a secret ballot, two of the commissioners voted "yes" and two "no" and County Judge Paul H. Miller cast the deciding vote against the appropriation. The motion had been made by Commissioner T. P. Hayes and seconded by Commissioner Joe George, but on the voting the commissioners wrote their votes on slips of paper and passed them, unsigned, to Judge Miller.

A number of the officers of the three units of the Texas National Guard in Corsicana and Kerens appeared and asked for donations, effective August 1, to care for incidental expenses of the units. A number of years ago donations were made to the units. It was stated the city would supplement the county donation. It was brought out that \$25,000 per year is brought into the county in the form of the state furnishes the army. It was suggested that \$15 per month per unit would be ample. Officers appearing in the interest of the proposal were Major John J. Garner, Captain Ernest A. Pierce, Captain Hal Johnston of Kerens and Lieutenant Paul Dresser.

Received Bad Marks.

It was brought out by the officers that the local units had received bad marks on its army appearance because no provisions had been made for certain improvements. Action was deferred until a later date by the court.

The road bonds due July 10 and called were district 4, Frost, \$5,000; district 5, Dawson, \$10,000; district 11, Richland, \$10,000. The State board of county and district road indebtedness will participate in the payment of these bonds as the proceeds were used on state highways.

County Judge Miller was authorized to act in touch with County Surveyor Wm. H. Elliott and the Ellis county surveyor and see that markers along the surveyed line are placed. The survey of the line was completed several years ago. There is now some question between the commissioners' courts of the two

Courthouse News

District Court.
The charge of District Judge Wayne R. Howell was in the hands of attorneys in the trial of Jim Garrison Thursday morning and arguments were scheduled to be completed during the day.

The case will probably reach the jury late Thursday.

Garrison is being tried in connection with the fatal shooting of the Washburn near Wildcat Ferry, Dec. 24, 1934. He took the stand on his own behalf Wednesday and testified he shot at what he believed to be a masked robber, armed with a knife, and did not know until the following day he had killed Washburn.

The defendant received a 10-year sentence on a former trial but the case was reversed and remanded by the Court of Criminal Appeals.

Presented in Book Review at Trinidad

Mrs. F. L. Seale was presented in a review of "A Gardener on the Place," by Katherine Foss Allen, by the Pioneer Literary Club of Trinidad, Tuesday, at the club's annual luncheon given at the home of Mrs. L. F. Johnston.

The luncheon was a lovely affair and was largely attended.

countries where the county line is located in the vicinity of the bridge spanning Chambers creek north of Emhouse.

ADMINISTRATORS OF COUNTY SCHOOLS MET AT BARRY HI SCHOOL

PROBLEMS OF AND IMPROVEMENTS TO SCHOOLS WERE DISCUSSED AT MEETING

Administrators of Navarro county schools met at Barry High school for the purpose of discussing problems and suggesting improvements for the schools of the county. While refreshments were served, entertainment was furnished by the Barry High School Choral club. Also, special numbers were given by Miss Gwendolyn Curtis, Choral club director, and Welton Reed, grammar school student.

Upon completion of the musical side of the program, Mr. J. C. Watson opened the meeting of the evening with a welcome address. After which he introduced each speaker on the program.

Program.
1. Short Talk—Mr. L. I. Samuels, District Supervisor of Vocational Agriculture.

2. "Matters of Common Interest"—Supt. W. V. Harrison of Frost.

3. Workable Plan for Teaching Music in the Public Schools—Supt. Melvin Taylor of Emhouse.

4. "Constructive Criticism of the Navarro County Interscholastic League"—Supt. Ray Waller of Rice.

5. Short Talk—County Supt. G. H. Brown.

6. "Experiences and Observations in Navarro County"—Mr. J. S. Gunstream, State Deputy Superintendent.

Talk by L. I. Samuels.
Mr. Samuels, district supervisor of vocational agriculture, took off part of his time from the District office at Coleman to be present at Barry. He stated that the objective of the agricultural program is to train boys to take the place of their fathers. He also explained that at present the funds are limited and the department is not able to set up new departments in the schools which want to include vocational agriculture in their curriculum.

Matters of common interest were discussed by Supt. W. V. Harrison of Frost. He said school administrators should be interested in the work of the school in serving the pupils and teachers. The executives of the public schools of Navarro County should get behind the County Superintendent and help him to get at least two expert supervisors for the county. These persons should not be elected but on the basis of their qualifications. The County Superintendent and other school executives should be able to take beginning teachers how to teach. Too many people in the community are willing to take a pupil who is an athlete and help him to go to school whereas they will not help the boy who is a brilliant scholar but has no athletic ability.

"A Workable Plan for Teaching Music in the Public Schools" was the subject of Supt. Melvin Taylor of Emhouse and he said, music in the public schools does not need defending from the cultural standpoint. Music is a means of teaching how to live.

The first thing to be considered is teacher qualifications. A small school will have to use a combination teacher. The course should be included in the daily schedule and be taught at least twice a week. Theory and application should be included. A rhythm band correlates well with this type of course.

The high school course should be elective and be offered for credit. Best results with girls clubs will be obtained by separating boys and girls into separate classes. There should be allowed to give concerts and make a number of public appearances. The course should include more semi-classical than popular music.

"Constructive Criticism of Navarro County Interscholastic League" was given by Supt. Ray Waller of Rice.

The most constructive thing done by the league was to pay all debts and have a balance left in the bank.

A brief financial report was given: \$100 from county school fees, \$74.30 from Barry girls basketball tournament, \$50 from Corsicana Chamber of Commerce with other receipts made a total of \$153.57 has been spent by the league leaving a balance of \$74.30.

Mr. Waller made the suggestions to help the executive committee: (1) Agree upon a financial program, (2) give more awards, (3) set regular times for the executive committee to meet, (4) start earlier to fix program and to be prompt in sending in entry blanks.

A short talk was made by County Superintendent G. H. Brown. Mr. Brown made very entertaining talk in which he complimented the schools on the work done during the year. He introduced the speaker of the evening, Mr. John S. Gunstream.

State Official Speaks.
"Experiences and Observations in Navarro County" was discussed by John S. Gunstream, deputy state superintendent.

The teachers and administrators of Navarro County have been very interested in the new curriculum and new methods of teaching.

The objective of teaching is not the content of the textbooks, but a better and fuller life. Wrecked homes and divorces are not caused by inability to add and subtract.

Many schools are considering the 12 year plan. This will extend the period of grade school training. This is the period for building their educational foundations. This plan will give at least a half year to pre-primary work that is very essential and will include an extra half year of work between the sixth and seventh grades.

The problem of teacher assignment was discussed. Mr. Gunstream suggested that a filing system containing the pupils work be kept for the help of both new and old teachers. Intelligence tests and standardized tests should be given regularly. High standards should be set and maintained by both teachers and pupils.

The teachers in the schools should be organized into professional service groups. Each teacher should read at least one professional book each year, and should

STARS IN MIDNIGHT SHOW

Gary Cooper and Claudette Colbert, two of the screen's most popular stars, are shown above in one of the scenes of their latest picture, "Bluebeard's Eighth Wife," which opens with a midnight show at the Palace theatre Saturday night and runs through Tuesday.

FUNERAL SERVICES FOR A. L. BEAN WERE HELD ON TUESDAY

Funeral services for A. L. Bean, 50, who died with a heart attack Sunday, were held from the chapel of the Sutherland-McCannon Funeral Home Tuesday afternoon at 2 o'clock. Interment was made in Oakwood cemetery. The rites were conducted by Rev. Roy A. Langston, pastor of the First Methodist church.

Mr. Bean had been secretary-treasurer and general manager of the Corsicana Production Credit Association here the past couple of years. He formerly was in the grocery business in West Texas and was connected with the Magnolia Petroleum Company in West Texas for a number of years. He was a Rotarian, Methodist, Chamber of Commerce member and served as city commissioner of Eastland for several years.

Surviving are his wife, two sons, Curry Bean, Everman, and Luther Bean, Jr., student at North Texas Agricultural College, Arlington; three grandchildren and two half-brothers, W. J. McFarland, Dallas, and R. H. McFarland, Winters.

Addresses Kerens Lion. J. C. Jacobs, assistant criminal district attorney, was the principal speaker at the noon meeting Thursday of the Kerens Lions Club.

have a part on the group program.

Libraries in the schools of the county are very good, but could and should be made better. One very good suggestion made by Mr. Gunstream was a clipping file to be kept in the library. There is a vast amount of material available in the form of bulletins, newspapers and magazines.

Business.
Supt. H. A. Garland of Mildred, president of Navarro County administrators asked Mr. Strickland to report the number of members present.

Mr. Strickland, the secretary-treasurer reported twenty members as present.

Then Mr. Garland appointed the program committee.

Mr. C. C. Isbell, Blooming Grove, Mr. B. A. Jeffries, State Home, Corsicana and Mr. Melvin Taylor were appointed on the executive committee for the next meeting.

The date of the next meeting was left to the executive committee.

(Continued From Page One)

rights. Negotiations for such purchases would be made by the federal government if it assumed the full cost.

The committee bill would leave selection of projects under the authorization to the army engineers. They could select any of the many already recommended and considered by the committee, irrespective of whether they were named specifically in the bill. The committee listed a few specific projects but the engineers' authority would permit them to revise the bill's recommendations, members said.

Government acquisition of all lands, easements and rights-of-way connected with development of the electricity producing features of the Denison reservoir was provided in the bill.

The committee provided for local contribution for the flood control portion of the Denison project to be in the form of direct monetary contribution from states or political subdivisions, amounting to 30 per cent of the estimated value of lands and easements.

DECKARD SANDERS RECEIVED SERIOUS INJURIES THURSDAY

Deckard Sanders, about 34, Corsicana, received serious abdominal and hip injuries Thursday morning about 8 o'clock when he reported to have exploded at Angus, where he was at work. He was rushed to the P. and S. Hospital where an operation was performed.

It was reported that Sanders was employed by Aaron Daniels who is taking refinery at Angus. He was rushed to the P. and S. Hospital where an operation was performed.

Burning Waste Oil
At Angus Refinery—Calls Department

Waste oil ignited by an acetylene torch flames while workmen were engaged in tearing down the old Kent refinery at Angus caused a run for the Corsicana fire department about 2 o'clock Wednesday afternoon. Firemen were able to cool nearby storage tanks sufficiently that they were not ignited and loss was confined to the burning waste oil.

FLOOD CONTROL

(Continued From Page One)

The committee bill would leave selection of projects under the authorization to the army engineers. They could select any of the many already recommended and considered by the committee, irrespective of whether they were named specifically in the bill. The committee listed a few specific projects but the engineers' authority would permit them to revise the bill's recommendations, members said.

Government acquisition of all lands, easements and rights-of-way connected with development of the electricity producing features of the Denison reservoir was provided in the bill.

The committee provided for local contribution for the flood control portion of the Denison project to be in the form of direct monetary contribution from states or political subdivisions, amounting to 30 per cent of the estimated value of lands and easements.

BOYCE MARTIN WAS HONORED LAST NIGHT AT CHURCH BANQUET

LOCAL METHODIST LAYMEN HAS ATTENDED TWO GENERAL CONFERENCES

It is unusual enough for a layman of the Methodist church to attend a general conference, but it is seldom that a layman attends two consecutive general conferences as a delegate.

Last night 130 or more members of the First Methodist church honored Boyce Martin, advertising manager of the Daily Sun, with a banquet in the educational building, following his return from the general conference in Birmingham, Ala., which is said to be the most momentous in the history of Christianity. Mr. Martin told of the election of seven bishops and of the vote for the unification of the three branches of American Methodism.

W. H. Norwood, superintendent of the church's Sunday school, presided as toastmaster.

With Miss Winkie Pierce playing the accompaniment, J. S. Haslam led in the singing of "Onward Christian Soldiers," after which the invocation was pronounced by G. F. Haslam. After the dinner had been eaten, Mr. Norwood said the banquet was to pay honor to a native son who had gone out to represent the church on the world stage.

Mr. Martin then introduced Mr. N. Elliott, who sang three songs, parodies on familiar tunes, which told some of the highlights of Mr. Martin's trip. Miss Pierce played her accompaniment.

Dr. W. W. Carter was introduced and talked upon the subject "Boyce Martin, the Man." He said "We are proud of the distinction Boyce Martin has attained, because going to a general conference is not a gift on a silver platter. He has been tireless in his church work and we recognize that his success has been attained through hard work and faithfulness to the church."

Dr. C. Raymond Gray, presiding elder of the Corsicana district, spoke upon the subject "Boyce Martin, the Newspaper Man." The presiding elder said Mr. Martin's life is more eloquent than a sermon could be, and that he is using his talents to spread the Gospel.

Rev. Roy A. Langston, pastor of the church who also attended the general conference, talked upon the subject "Boyce Martin As A Churchman." He said Mr. Martin is one of the outstanding laymen in Texas, and we went to the conference because he is so active in every phase of church work, and because of his fidelity to his duties. The pastor said Mr. Martin makes religion attractive—he is dependable, and loyal, and supports his pastor 100 per cent.

Mr. Norwood introduced Mr.

GRASS BURNER WAS OPERATED IN LOCAL RAILROAD YARDS

Grass along all Southern Pacific Lines in the Corsicana yards was burned Thursday morning by the "grass burner."

The huge machine is equipped to throw a hot flame over the entire tracks and extending several feet on either side of the rails. Another machine, the water car, follows the "grass burner" putting out ignited cross-ties.

The work was completed Thursday morning and the machines proceeded to Ennis where similar work will be done.

Dry and green grass alike are consumed by the wave of fire.

Dr. and Mrs. Curtis Return From Medical Association Meeting

Dr. and Mrs. R. C. Curtis returned from Galveston Wednesday afternoon after attending some of the sessions of the State Medical Convention now in session there. On Wednesday morning, Dr. Curtis presented a paper on "Use of X-Ray as a Preventative of Cancer," before the radiological section of the convention.

SERVEL ELECTROLUX RUNS ON Kerosene ... for only a few cents a day! NEEDS NO WATER OR DAILY ATTENTION

HERE'S HEALTH—and happiness—for your farm home. Servel Electrolux, the famous silent refrigerator, runs for only a few cents a day. It brings you fullest food protection, all the joys and conveniences of the finest modern city refrigeration—and it actually saves enough to pay for itself.

Servel Electrolux has no moving, wearing parts in its entire freezing system, needs only one filling of fuel every week or ten days. It will save you money, steps, and many hours of housekeeping time. Write today for complete information.

Save WITH THE REFRIGERATOR YOU HEAR ABOUT—BUT NEVER HEAR

- PERFECT FOOD PROTECTION
- PLENTY OF ICE CUBES
- FROZEN DESSERTS
- SAVINGS THAT PAY FOR IT
- COOLING DRINKS
- SILENT, LOW COST OPERATION

OVER FOUR MILLION JOBS BE PROVIDED IN RELIEF MEASURE

HOUSE APPROPRIATIONS COMMITTEE RECOMMENDS PASSAGE OF BILL

WASHINGTON, May 10.—The administration's \$3,045,426,000 spending bill will provide jobs for 4,135,000 persons, the house appropriations committee estimated today.

For comparison, emergency employment under federal programs totaled 3,124,019 on April 16.

The committee included the 4,135,000 figure in a report recommending enactment of the bill, submitted shortly before the house began debate on the measure.

The primary purpose of the legislation, the report said, is to furnish "direct employment on the spot and indirect employment away from the site of work for some of the many millions who are unemployed and destitute or harassed by the specter of unemployment."

The committee said it felt the "earmarking of the funds with reference to individual projects, leases, groups or otherwise would bog down the program and defeat the primary urgent end and aim of the entire proposal."

Breaking down the job total, the report said an average of 2,800,000 would be employed through the Works Progress Administration for the seven months ending next January 31, 1,000,000 by the Public Works Administration for the period of its two years program; 275,000 by the National Youth Administration in the 1939 fiscal year and 60,000 on federal public buildings.

In addition to the 4,135,000 total, the committee said appropriations already approved for the Civilian Conservation Corps would provide employment for 300,000 individuals in the fiscal year while 500,000 more would obtain work on general public works carried under regular appropriations to the various government departments.

Passage Immediate Goal. House passage of the big spending bill is the immediate goal of administration leaders, intent on adjournment by mid-June. They predicted little opposition outside republican ranks.

The legislation, key item in the \$3,045,426,000 pump-priming program, would end the practice of giving lump-sum relief appropriations to the president. It would retain for him, however, the right to pass on all work relief and public works projects.

Outright appropriations of \$2,519,425,000 are included. The Works Progress Administration would receive the largest share—\$1,250,000,000—to provide 2,800,000 jobs from July 1 to next February 1.

The Public Works Administration, which would be extended to June 30, 1940, would be given \$865,000,000 for construction projects.

Directing their activities toward an early end to the session, the house chieftains arranged to interrupt the relief debate, probably tomorrow, to accept a compromise on the tax and relief bill and send it to the White House. The senate approved the tax legislation yesterday.

A movement to speed up action

on the wage-hour bill also picked up momentum. Two republican members of the rules committee, Representative Mapes (R-Mich) and McLean (R-N.Y.), announced they would support a resolution by Chairman O'Connor (D-N.Y.) to permit the house to consider it before the petition becomes effective May 23.

Their votes apparently were enough to assure the committee's approval of the resolution.

All regular appropriations bills have passed the house, and another one—a \$1,104,000,000 measure for the agriculture department—went through the senate yesterday.

Republican Conference. The 90 house republicans called their first party conference of the session late in the day to discuss their strategy against the spending bill.

Instead of giving money to the president who in turn could allocate it as he chose, the measure would appropriate the funds directly to the spending agencies.

The provisions which give the president specific authority to approve or turn down individual projects were penciled into the bill just before it was introduced late yesterday.

That followed a White House conference among the president and legislators who handle appropriations. Then, in what some senators called an attempt to obtain assurances that the senate would follow those provisions, Secretary Morgenthau, WPA administrator Harry W. Hopkins, and Acting Budget Director Daniel Bell held another conference with Senator Byrnes (D-SC), who will pilot the legislation through that chamber.

Highways and Streets Funds. Of the WPA appropriation, a maximum of \$425,000,000 could be used for highways and streets, \$250,000,000 for educational and "white collar" projects, and \$375,000,000 for miscellaneous developments, such as conservation, power, and water plants, and public buildings.

The National Youth Administration, a branch of WPA, is listed for \$75,000,000, while the Farm Security Administration would receive \$175,000,000 for rehabilitation of needy farmers.

The Reconstruction Administration would be given \$6,000,000, and about \$20,000,000 is included for administrative expenses of various agencies which co-operate with WPA.

Restrictions on the PWA fund limit outright grants to \$750,000,000, construction of federal projects to \$100,000,000, and administrative expenses to \$11,000,000. Money could not be allotted for any projects which could not be commenced before Jan. 1, 1939, or substantially completed before June 30, 1940.

The bill sets a deadline of Aug. 31 for the filing of new applications for projects.

Uvalde Postmaster. WASHINGTON, May 10.—(AP)—The postmaster in the home town of Vice President Garner at Uvalde, Texas, was nominated for another term today by President Roosevelt. He is John W. White.

HISTORICAL MARKER HAS BEEN DEDICATED ON SITE FAIRFIELD FEMALE COLLEGE; ITS HISTORY

FAIRFIELD, May 10.—(SPL)—Dedication of the Centennial marker for the Fairfield Female College, was observed in a program at 10 o'clock Tuesday, May 10, in Fairfield on the original college site, which is one mile east of the court house, on Highway No. 7. The program arrangement was under the supervision of Mrs. K. W. Sneed of Wortham, Freestone county chairman of Centennial program, and P. D. Browne of Fairfield, member of the county committee, and superintendent of the Fairfield schools.

The Teague band gave a thirty-minute concert. Other features of the program were addresses by J. P. Stubbs, and P. L. Browne, while "Early College Days Recollections," were given by Mrs. Ross Bell and Mrs. A. C. Anderson, both former students of the college.

History of College. Credit is given to P. D. Browne of Fairfield, Texas, for the following brief history of the college: It was in the early 1850s, after the rapid development and splendid growth of young Freestone county, that the more progressive citizens and wealthy families became conscious of the urgent need of educational facilities for their daughters. The movement for the Fairfield Female College began in earnest in the latter part of 1857 and took definite form in an act of the Legislature entitled, "An Act to Incorporate the Freestone School Association," approved February 19, 1858.

C. C. Grayson, W. L. Moody, Joseph Morand, T. R. Jefferson, John Karner, W. F. Daniel, Dunbar Bragg, L. D. Bradley, J. C. Walker, John F. Euckaby, David H. Love, J. H. Mayo, A. A. Owens, C. T. Echols, and W. A. Milner, their associates and successors, were constituted a body politic and corporate, by name and style of Freestone School Association.

Property valuation was limited to \$50,000 maximum, shares in the corporation were sold at \$50 each, and the stockholders were entitled to one vote for each share of stock held. The board of directors were elected annually by a majority of the stockholders. This board has power to grant diplomas to all pupils deemed worthy and was given the right to "perform all acts necessary to put in operation and perpetuate a first-class female institution of learning."

Construction of the college building was begun in 1858, and a large substantial building resulted. It was two stories in height. The dimensions along its north front was approximately seventy-five feet; the west side one hundred feet more or less. Large porches upstairs and downstairs were long the north and west end of the building. The building was in the shape of an L. The basement was used for the dining room, a chapel room was on the first floor. Besides these, there were from sixteen to eighteen other rooms, which were used for bedrooms, classrooms and living rooms. The storage and kitchen were in a separate building behind the main building on the south end. This was connected to the basement and also by an elevated stair case to the upstairs.

The campus covered several acres on a prairie facing the plantation home of David H. Love. Here and there beyond the campus were single oak trees or oaks in clusters. Within the "L" there was a garden, and beyond the garden, a flower garden with long rows of blooming roses acting as a boundary on the south and east sides.

The college opened for its first session in 1859 with Dr. Henry Graves as president and Dr. Henry Graves was a native of North Carolina, graduated from the University of North Carolina and a ministerial student at Madison (now Colgate) University in New York State. He had served as an instructor in Wake Forest College in North Carolina and at an academy in Georgia.

He was in the early 1850s, after the rapid development and splendid growth of young Freestone county, that the more progressive citizens and wealthy families became conscious of the urgent need of educational facilities for their daughters. MANY CIVILIANS ARE KILLED IN AIR RAID ON SUCHOW BY JAPS

JAP WARSHIPS AND PLANES ALSO CONTINUE THEIR ATTACK UPON AMOY

SHANGHAI, May 11.—(AP)—Chinese reported today 4,000 houses had been damaged and 300 civilians killed and wounded in an air attack on Suchow, base of the huge Chinese army defending the Lunghai railway. More than 300 bombs were said to have been dropped on the city, leaving a scene of utter ruin. Japanese planes were seen firing fiercely. Japanese said large stores of military supplies had been ignited.

Japanese warships and planes also continued intensive bombardment of Amoy, gateway to Fukien province on the South China coast, where the United States gunboat Asheville and the British destroyer Diana stood by ready to evacuate Americans and British seamen.

Fires were reported spreading rapidly through Amoy while 30 foreigners, including 15 American missionaries, watched in comparative safety from Kulungau Island.

The United States destroyer Edsall ordered from Tsingtao to Amoy, was due at Shanghai tomorrow for quick refueling.

Japanese Marines reported a section of the city had been occupied after bitter street fighting. All hospitals were said to be filled to capacity as a result of the heavy firing from both sides.

A Japanese naval spokesman said 24 Chinese planes had attempted to bomb Japanese warships in Amoy, but the output of the Canton river had been driven off before they did any damage.

Reports from Hongkong said a Chinese air fleet of at least 30 ships had been transferred suddenly to Canton, south China metropolis, and had sunk a Japanese destroyer and destroyed a petrol depot in the mouth of Canton River.

The planes, according to Chinese advice, also surprised five Japanese bombers near Canton and brought down two of them. They were said to have made two raids on Suchow Island.

A Japanese naval spokesman said Amoy University had been bombed because Chinese had built strong defense works on the University grounds.

He said Amoy was being attacked because it was a center of anti-Japanese activity as well as an important port of entry for Chinese munitions and supplies. He asserted also that 30,000 persons who lived in Amoy had been "oppressed and maltreated by the Chinese."

Foreign military observers were increasingly doubtful that the Amoy attack was a preliminary to South China offensive, because the Chinese are well prepared while the Japanese would have to have a complete new expeditionary force. About 20,000 Chinese troops were said to be at Amoy now.

It was believed likely the Japanese merely were seeking a base for intensified air attacks on the amoy railway in an effort to cut off Chinese military supplies.

DEATH SENTENCES FOR TWO AFFIRMED BY APPEALS COURT

AUSTIN, May 11.—(AP)—The court of criminal appeals today affirmed death penalties given Fobbe Grays and Sam Cash for the strangulation slaying of Paul Henig, Glenfiora store proprietor, and granted a third trial to Lou Mitchell, a negro given the extreme penalty for slaying Chester Hutchinson, Merkel city marshal.

Grays and Cash, tried jointly, were charged with strangling the store proprietor in an effort to rob him. The court rejected all defense exceptions to trial procedure.

Mitchell's conviction had been reversed before on a technicality. In reversing the case a second time the appellate court said the trial judge failed to charge the jury adequately on lawful and unlawful arrest.

He said testimony showed Hutchinson attempted to arrest the negro without a warrant and in a manner that indicated he intended to do bodily harm to Mitchell who allegedly was operating a gambling establishment. The slaying occurred April 11, 1937.

A life sentence given Rafael Perez, Guadalupe county Mexican, for beating to death Willie Schuenemann, a store proprietor, was affirmed by the court which in answer to defense objections said evidence supported the conviction and that the state had met its burden of proof.

They affirmed a \$50 fine and one-day jail sentence assessed Walter Langdon, Travis county negro who as a porter in the capitol was charged with and confessed theft of a quantity of book plates constituting records of various appellate courts in the capitol.

The court said evidence was sufficient to support the conviction.

ROCKET DERAILED AT REAGOR SPRINGS, SWITCH IS BLAMED

TWO PASSENGERS AND TWO MEMBERS CREW INJURED IN ELLIS COUNTY WRECK

WAXAHACHIE, May 10.—(AP)—Four persons were injured, none dangerously, when the southbound Burlington-Rock Island streamliner, The Rocket, derailed half a mile east of Reagor Springs today.

The injured were: Miss Triselle Ward, of Houston, who was given first aid treatment here and sent to her home in Houston; A. D. Dorley, of Houston, wrenching knee, treated and discharged from hospital here;

Willie Brewer, negro, cook on the train, scalded.

William Perry, Jr., negro member of the train crew. The two negroes were taken to Fort Worth for treatment.

None of the members of the Houston and Tulsa baseball teams, among the 70 passengers, was injured. Railroad officials said most of the passengers remained in their seats while the train bumped along the ties. The streamliner did not overturn.

Conductor Hubbard of the Rocket said he believed the accident was caused by a defective half-open switch at a passing track. The rails along the main line and the passing track were badly twisted, and there was considerable damage to the undercarriage of the train.

Reagor Springs is six miles southeast of Waxahachie.

Local Burlington officials reported trains would be routed from Corsicana to Dallas over the Southern Pacific line until repairs could be effected in Ellis county, and no change was expected in scheduled operations. The Rocket was due in Corsicana at 9:22 a. m.

First attempts to secure accurate information on the mishap were delayed considerably as the passengers and crew of the train kept the single party-line from Reagor Springs to Bardwell busy summoning assistance and reporting safety to relatives and friends. Two wreck trains, one from Fort Worth and one from Teague, were expected to restore service on the line within a few hours.

Soviet Clergymen Arrested Charges Fascist Spying

MOSCOW, May 11.—(AP)—The arrest of more than a dozen clergymen in Leningrad province on charges of "fascist spying, debauchery and plotting against the Soviet regime" was reported today in the atheist newspaper Bezbozhnik.

The newspaper said a former metropolitan, Serafin Ruzhentsoff, and two bishops were among the orthodox clergymen involved. Ruzhentsoff was accused of debauches with altar girls. The bishops were charged with corruption of nuns.

It also mentioned Adventist and Baptist pastors, who were said to have acted as spies for Germany.

Some clergymen were accused of writing anti-Soviet articles against collective farming. Others were charged with inventing "anti-Soviet miracles."

The charges were alleged to those in recently announced arrests in Moscow province.

The clergymen were alleged to have tried to persuade people that arrested churchmen were "martyrs of the faith," the newspaper said.

It added that "only a few 'national women believe them."

FORTY-NINE MEN WERE INJURED AND OTHERS ENTOMBED

TWO VIOLENT GAS EXPLOSIONS OCCURRED IN ENGLISH MINE TUESDAY

DUCKMANTON, Derbyshire, England, May 10.—(AP)—Seventy-two miners were killed, 49 were known to be injured and a number of others were entombed in the wrecked workings today after two violent gas explosions in the Markham coal mine.

While rescue squads searched underground for trapped victims, Captain H. F. S. Crookshank, minister for mines, informed the house of commons of the disaster.

Through grim coincidence, the question of danger from explosions in mines was up before commons as a result of Ellis Smith, laborite, asking what was being done to prevent repetition of such blasts as the one last July at the Draymo coal mine at Stoke-on-Trent when 27 miners lost their lives.

Sobbing women gathered around the pithead as the dead and injured were brought to the surface. Scenes were particularly grievous in the little mortuary where wives and relatives sought to identify the bodies, marked by yellow tags.

Scores of rescuers fought through roof falls toward the trapped men. Rescuers, with gas masks, sealed up section of the pit to prevent gas from seeping through to the trapped miners.

The second explosion occurred shortly after 8 a. m. (1 a. m. CST), while injured from the first blast were being brought out. The first blast about 6 a. m. caused heavy roof falls.

A dull rumbling followed by

ARKANSAS BABY TO BE OPERATED UPON RELIEVE GLIOMA

FORT SMITH, May 12.—(AP)—A rural school teacher and his young wife turned to surgery today in an effort to give their infant son a new chance at life at the cost of one of his sightless eyes.

At their request, a Fort Smith physician said he would remove the left eye of three and a half month-old Jerry Leon Plummer, seriously ill from glioma, a cancerous growth attacking the optic nerves and spreading toward the brain.

He said he would begin radium treatments in an effort to prevent the necessity of removal of the right eye. The disease already has blinded the infant.

The parents, Lowell Plummer, 21, and his wife, 19, agreed to the operation as a last resort. The infant faced almost certain death if nature were allowed to take its course.

The physician warned that the baby's life already was in grave danger because of progress of the disease.

flashes of flame and clouds of dust signaled the first blast in a shale seam 2,550 feet deep as the night shift was preparing to come to the surface.

Telephone communication was maintained with the trapped men, and adequate flow of air was being maintained.

Beauty Diary

Of Edna Kent Forbes
FACIAL MASSAGE.

Keep your youthful contour, and if you have lost it, you will be able to get it back, or preserve it, if you follow Miss Forbes' directions in today's talk.

It is often said facial massage is more harmful than helpful. This is true if it is done badly, such as aiming to manipulate the skin, the muscles of the face, also those of the throat, since these support those of the face. Feeding the skin with cream from the finger tips is a different matter, for there is no dragging and pulling when F. K. Forbes, there is cream to lubricate it. Many professional treatments do not include massage at all, and since the entire benefit is the result of good circulation, these treatments increase the circulation through other means. The woman who must do this for herself, may do much by cold and hot applications, increasing circulation by creating reactions. But, there are other ways, too, for her. One of the easiest is that of swinging all the muscles of the face from a pivot. Take a spot to the front of each temple and plant the finger tips into each place. It is an easy matter then to swing all muscles of cheeks, around the eyes, over and around the forehead, and all those down in front of the ears; in fact, muscles connecting with the immediate ones will all be taking up the movements, at each corner of the mouth, the chin and under it. If the chin is flabby or too full, throw the head far back between the shoulders and go through a series of chewing movements.

Cold water dashed over the skin will conclude the treatment and bring the blood up to the skin, refreshing it and leaving it looking many years younger than before the exercising had been done. Mrs. H.—You will be able to get a great deal of exercise from the stretching. It is not taxing, and you may do a thorough job of it before rising in the morning and

then after you retire at night. Stretch until you have given every muscle of your body a share in it. You get fine results all around the waist and over the abdomen, if you raise your arms over your head and press with palms to an imaginary point, while you pull up every muscle over the entire trunk. You may even be stretching with the legs and feet at the same time, but usually it is easier to do each direction separately.

If you have any beauty problems you cannot solve, write for Edna Kent Forbes three beauty booklets: "Fifteen Minutes a Day for Beauty," "The Finger Points of Beauty," "Feeling and Bathing for Beauty." Send ten cents (in stamps) for EACH booklet, to pay for printing and handling and enclose a stamped, self-addressed envelope (S.A.A.E.). Address Edna Kent Forbes, c/o this paper.

EARLY TRENDS IN STOCK MARKET WERE MIXED ON THURSDAY

TRADING DRAGGED FROM START AS FEW SHARES MANAGE TO RISE SLIGHTLY

NEW YORK, May 12.—(AP)—It was a stock market in search of a trend today as leading issues tumbled into insignificant declines and equally unimportant advances.

The list lacked rallying vitality at the start, although there were few noticeably depressed groups just as there was a scarcity of strong support. Volume dwindled after the opening and dealings were of an indifferent character during the remainder of the session. Transfers approximated 550,000 shares.

One or two aircraft, oil, mail orders and specialties gave fair account of themselves, and utilities and rails contested such light pressure as was exerted against them. Steels, motors, rubbers and coppers stood still or shifted to moderately lower levels.

NEW YORK, May 12.—(AP)—Attempts to extend the advance met with some resistance in today's stock market, and early trading was slightly mixed. The proceedings dragged from the start and the ticker tape frequently went to sleep near the second hour.

A few oils, utilities, rails and steels managed to tack on plus signs while other groups were unchanged to down a shade. Ahead fractions were Standard Oil of N. J., Texas Corp., Vacuum, Consolidated Edison, North American, American Water Works, Great Northern, Pennsylvania, Northern Pacific, Woolworth, U. S. Steel, Bethlehem, U. S. Rubber, Chrysler an Electric Boat.

Inclined to lag were American Telephone, Kennecott, General Motors, Goodyear, General Electric, Westinghouse, Philip Morris, Johns-Manville and American Smelting.

Oil did better as Texas and Oklahoma took steps to cut production of crude.

NEW YORK, May 12.—(AP)—The market opened at 8.75 bid, July at 8.80, Dec. at 8.91, Jan. at 8.92, March at 8.93, May at 8.94, July at 8.95, Sept. at 8.96, Nov. at 8.97, Jan. at 8.98, March at 8.99, May Layes Met Death In Electric Chair Early Tuesday

HUNTSVILLE, May 10.—(AP)—Paul Layes, 34, convicted of murder in a robbery, died in the electric chair at State Prison here early today.

Layes and two other men were riding with Salazar, who was en route home after disposing of a load of vegetables in Fort Worth. Salazar was robbed. Layes was arrested with the money.

Mother Appeals For Return Four Year Old Child

BRADFORD, Pa., May 11.—(AP)—Mrs. Shirley M. West, expressing fear her four-year-old daughter, Marjory, had been abducted, appealed today for the return of her child to any American Legion Post or her home.

In a brief statement, the first she has made since the daughter disappeared from a family picnic last Sunday while picking flowers, the mother said:

"I want notice given that anybody who has her should return her to any American Legion Post anywhere or bring her home. No questions will be asked."

The kidnap theory came after a fruitless search of the woods in which she disappeared and reports from Thomas V. Va. that a girl wearing clothes similar to Marjory's was brought there Monday.

Kerens Tuesday Contract Bridge Club Entertained

KERENS, May 10.—(Spl.)—Mrs. E. H. Gray entertained the members at the Tuesday Contract Club at her new camp house, "Grays Acre" at the Kerens City Lake Tuesday afternoon at 3 o'clock. The newly completed, four-room log cabin, with its spacious living room, complete with native rock chimney, electric lights, and surrounded by a well kept lawn, with artistic arrangement of shrubs, flowers and rock drive-ways, is a most attractive recreation center and has already been the scene of several informal entertainments.

Three tables of players competed for high score, with Mrs. R. P. Walker winning. An ice course was served to the following: Mrs. James Taylor, Mrs. H. A. Quate, Mrs. G. H. Wilemon, Mrs. R. P. Walker, Mrs. F. W. Smith, Mrs. Jack Anderson, Mrs. H. W. Hoffer, Mrs. Cliff Coates, Mrs. James Mabry, Mrs. W. M. Bain, Mrs. Grant Westbrook and Miss Dorothy Holt.

Sunday School Class Meets. KERENS, May 10.—(Spl.)—Mrs. Robert Lowe provided a charming and gracious hostess to the Workers Class of the First Methodist Sunday school when they met in regular session Tuesday afternoon.

Mrs. G. H. Sanders, class president, was the very efficient leader of the program, and read as the devotional the 140th psalm, after which she conducted a surprise Bible questionnaire, which proved enlightening as well as being a bit of a test.

During the following business session plans were laid for the raising of funds with which to carry on the work of the class. Lovely refreshments of sandwiches, punch, potato chips and cookies were served to 13 members.

Army Officer Nominated. WASHINGTON, May 10.—(AP)—President Roosevelt sent to the senate today the nomination of Brigadier General Robert O. Whiteaker, Texas National Guard, to be a brigadier general in the national guard of the United States.

News of County Home Demonstration Clubs

Oak Valley Club. Family recreation in the yard, was the program carried out by twelve members of the Oak Valley Home Demonstration club in the home of Mrs. T. E. Young, May 9.

A number of games were played which were suitable for family groups as well as for clubs and school groups. These games were directed by Mrs. T. E. Young and Miss Hortense Waters who had planned the program beforehand in regard to the following points: Active games alternating with quiet games; formation games following one after the other, such as line games after line games and circle games following circle games; and a climax game or extra good one just before refreshments. Each game was played until it was almost at its best and then changed to another.

Some of these were, passing ball relay, necktie relay, jar ring toss and bean bag throw.

Visitors were Mrs. Guy Hamilton and Mrs. Melvin Owen, Sr., and Mrs. Melvin Owen, Jr.

Friday night, June 3 was the date set for an ice cream supper for the benefit of the church, cemetery association and home demonstration club. Candidates are invited to make their announcement at this time. Every one will be welcome.

The next meeting will be with Mrs. G. C. Cowden May 25. The program will be on the importance of the quality of eggs.

—Reporter.

Pickett 4-H Club. Making jelly is very good said Miss Clara Rettger Tuesday, May 10, 1938, at the home of Mrs. Stenley's, our sponsor.

We made some dewberry jelly and jam today. Each girl watched it done carefully.

We talked about the 4-H Club rally. We have all planned to attend the rally.

All of our club members were there except Hazel Mann. The next meeting will be at Mrs. Stanley's home the last Tuesday of this month.

The president elected Lyndell Bennett and Frances Ikser to find us a 4-H Club sponsor after Mrs. Stanley leaves us.

The meeting then adjourned until the next meeting.—Mary Ruth Vaughan, reporter.

Oak Valley 4-H Club. "The walls and ceiling, together with the woodwork and floors, makes the background for the furnishings and pictures," said Miss Clara E. Rettger, county home demonstration agent to the Oak Valley 4-H club, Wednesday, May 4, at a meeting at Oak Valley school.

"Soft neutral colors should be selected for the walls. The ceiling should have the appearance of being a continuation of the wall in a lighter shade. The woodwork may be either varnished or painted in a light color," continued Miss Rettger.

A number of the club girls are planning to attend the 4-H club rally May 14, Mary Ella Yates, Pearl Nelson and Ethel Nelson, brought the pillow they finished to the club meeting.

Those present at the meeting were Tye Gordon, Barbara Harper, Ethel Nelson, Pearl Nelson, Mary Ella Yates, Trudy Council and Dorothy Murphy.—Reporter.

FIVE-DAY WEEK IS DECREE FOR TEXAS OIL PRODUCTION

DRASTIC STEP TAKEN CURTAIL GENERAL OVERPRODUCTION OF CRUDE

AUSTIN, May 11.—(AP)—The railroad commission formally announced today an order stopping production in nearly all Texas oil fields on Saturdays and Sundays during May.

Sunday closings had been in effect for several months and because of threatened crude price slashes due to excessive stocks of gasoline and slackened consumption.

The allowable production under proration regulations at the start of the month was 1,442,288 barrels daily, not considering the Sunday curtailment, which reduced the average to 1,307,914.

Including the Saturday shut-downs it was estimated production for the rest of May would be approximately 1,100,000 barrels daily.

The order stated the commission would hear further evidence in proration hearings at the statewide proration hearing in Austin May 17.

It was signed by only two commission members, C. V. Terrell, chairman, and Ernest O. Thompson. The third member is Lon Smith.

In the order closing fields on Sundays, the Rodez field was exempted because of its tri-state character. Many wells in other areas have been permitted to produce on Sundays, and presumably will be on Saturdays, because of physical or other reasons it is undesirable to curb them completely, but such wells must cut back their output to the equivalent of closing.

DALLAS, May 11.—(AP)—Texas oil production will be cut five day-a-week basis starting Saturday in a drastic step to curtail overproduction "threatening" to undermine the market, Ernest O. Thompson, chairman of the state railroad commission, said yesterday.

Thompson said the order closing down wells for the next three days was being drawn in Austin and that he would sign it today.

Sunday shutdowns have been in effect since January following a four-week trial in the East Texas field.

Such action was hinted at Austin Monday by Thompson and Terrell, who pointed to excessive stocks of crude and gasoline.

Thompson, chairman of the interstate oil compact commission, said "overproduction of crude, large overhanging gasoline stocks, together with under-consumption, have caused by the recession, have combined to bring about a situation that demands prompt, vigorous action by the regulatory authorities charged with the duty of preventing physical waste in oil production."

Dr. Harold Byrd of Dallas, president of the Texas Independent Petroleum Association, expressed himself in full accord with the measures taken by the commission to curtail the oil flow in the state but "not at the expense of Texas operators or the state."

He mentioned companies "which continue to overproduce in Louisiana, Arkansas and to a lesser degree in Oklahoma."

Urge Cut in Oklahoma Oil. OKLAHOMA CITY, May 11.—(AP)—An emergency slash of 81,000 barrels a day in Oklahoma crude oil production as part of a concerted drive to avert a threatened price cut in the Mid-Continent area, was urged by Governor E. W. Marland today.

The corporation commission was unable to act instantly on the proposal for lack of a quorum. Both Marland and Chairman Reford Bond expressed hope a majority of the commission could be assembled later in the day to agree on the cut.

Oklahoma's present allowable is 460,000 barrels a day, a reduction of 15,000 barrels below the April figure.

Art Walker, secretary of the Interstate Oil Compact Commission, turned from his telephone to announce other compacting states had agreed to follow the lead of Texas, No. 1 oil state, in sharp production cuts.

Reduction Order Signed. OKLAHOMA CITY, May 11.—(AP)—The Oklahoma Corporation commission signed an order today reducing Oklahoma's oil allowable for the remainder of May by 81,000 barrels a day, acting on Governor E. W. Marland's recommendations for a slash to avert a threatened price cut.

The reduction, amounting to 16.23 per cent, was made effective today and left Oklahoma's allowable for the remainder of the month at 405,000 barrels daily.

Chairman Reford Bond and Jack Walton, member of the commission, met in the governor's office to sign the drastic emergency order and Commissioner A. J. Shaw telephoned from Fort Worth, Tex., he concurred in the move.

Payrolls Studied. HOUSTON, May 11.—(AP)—Executives of Texas' major oil companies today studied field payrolls to determine whether to pay workers their salaries during the Saturday and Sunday shutdowns ordered by the Texas railroad commission.

The practice in the past has been to pay the salaries during the Sunday shutdowns but the added day had the paymasters puzzled.

Walton Pyron, vice president of the Gulf, said his company had come to no decision. Executives of other companies, Humble, Shell and Texas company, said the suddenness of the order caught them unprepared and they had not come to any decision regarding the pay of thousands of workers in the field.

The added day's pay would run into thousands of dollars if the oil companies decide to continue paying field workers.

Open TVA Probe. WASHINGTON, May 10.—(AP)—The joint congressional committee to investigate the Tennessee Valley authority will hold its first open meeting tomorrow, Chairman Donahay (D-Ohio) said today.

FARMER FATALLY WOUNDED; FUNERAL HELD WEDNESDAY

WM. F. MCCLURE RESIDING NEAR FROST FOUND DEAD AT FATHER'S HOME

FROST, May 11.—(Spl.)—Funeral services for Wm. F. McClure, aged 32 years, farmer residing six miles northeast of Frost, were held from the Methodist church here Wednesday afternoon at 3 o'clock. Burial was in the Frost cemetery.

McClure was found dead Tuesday afternoon at the home of his father, W. M. McClure, where he resided. A report of a shotgun wound was heard by members of the family, it was stated. Ben Carroll, justice of the peace, Blooming Grove, returned a verdict of death by gunshot wounds, self-inflicted, following an inquest Tuesday afternoon, officers said.

A charge from a shotgun had struck McClure in the heart. Surviving are a three-year-old son, his wife, Trinity University, Waxahachie; parents, and other relatives.

The services were conducted by Rev. W. V. Bane, Methodist minister.

McCormick Funeral Service directed the funeral arrangements.

BIG WINTER WHEAT CROP INDICATED BY MAY 1 CONDITION

WASHINGTON, May 10.—(AP)—The agriculture department said today a winter wheat production of 754,153,000 bushels was indicated by May 1 conditions.

A month ago 725,707,000 bushels were indicated. Production was 685,102,000 bushels last year. Average production was 546,396,000 bushels during the 10 years, 1927-36.

Indicated yield is 14.9 bushels an acre, compared with 14.6 last year and 14.5 the 10-year average. Winter wheat acreage sown last fall was 57,316,000, of which 50,677,000 acres remain for harvest with abandonment totaling 1.6 per cent. Acreage sown for the 1937 crop was 57,812,000, remaining for harvest 46,946,000 acres. The 1937-38 average sowings were 45,644,000 acres, remaining for harvest 37,281,000 acres, and abandonment 18.2 per cent.

Rye production of 51,755,000 bushels was indicated from May 1 conditions, compared with 49,449,000 bushels last year, and 36,454,000 bushels, the 10-year average. Indicated yield is 12.8 bushels an acre, compared with 12.9 last year, and 11.8, the 10-year average.

The condition of May 1 was 84 per cent of a normal, compared with 73 a year ago, and 79 the 10-year average.

Pasture condition was 82 per cent of a normal, compared with 69 a year ago, and 75 the 10-year average.

Indicated production of winter wheat by states included: Kansas 192,777,000; Oklahoma 69,719,000; Texas 39,860,000.

Montfort Opposes Bazette Sunday

Montfort will enter the Navarro county league and will play Bazette Sunday, C. F. Broughton, secretary-treasurer-statistician, announced Thursday morning.

A small attendance was noted at the meeting slated Wednesday evening at the scheduled league meeting.

Managers of the various clubs will decide among themselves where the third game of the year will be played, it was stated.

Other games slated for Sunday will be Emhouse at Cotton Mill and M. Nebo vs. Walk-Over Shoes at Mildred.

Stroube String Left For Coast Tracks Thursday

Stroube racers left Thursday for the Pacific Coast under the supervision of Mickey Harrison, trainer, where they will compete at several racing meets during the summer months. Twelve of the horses belong to W. C. Stroube while five others are in the shipment.

A number of practice races over the track at Melody Meadows, headquarters and showplace, located seven miles east of Corsicana, were staged Wednesday afternoon. The bangtails have been here for some time in training following their return from the 1941, associates reveal.

Mr. and Mrs. Stroube will leave soon for the Pacific Coast to be with their string this summer.

Stroube and party have returned from Louisville where they saw the Kentucky Derby Saturday. While in Kentucky, Stroube saw the colt of Croon, great racer, belonging to the local sportsman. He predicts the Croon off-spring will be a contender for the Kentucky Derby in 1941, associates reveal.
